The Comprehensive Educational Plan (CEP) is meant as a tool to facilitate continuous improvement planning – to support schools in engaging their staff, parents, families, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development aligned with the school’s state accountability and New York City’s Equity and Excellence for All: Diversity in New York City Public Schools, Strong Schools, Strong Communities, and Framework for Great Schools.

Equity and Excellence for All: Diversity in New York City Public Schools

The New York City Department of Education (NYCDOE) is committed to supporting learning environments that reflect the diversity of New York City. NYCDOE believes all students benefit from diverse and inclusive schools and classrooms where all students, families and school staff are supported and welcomed. This work is essential to our vision of Equity and Excellence for all NYC students. The research is clear – that all students benefit from diverse, inclusive schools and classrooms. The Equity and Excellence for All initiative is already improving the quality of our schools, making them more attractive to a broader range of students. Through comprehensive educational planning informed by Equity and Excellence for All, schools will continue to work to fulfill the promise of diversity in New York City Public Schools for our families and students.

Strong Schools, Strong Communities

The New York City Department of Education (NYCDOE) is committed to working collaboratively with parents, families, educators, and communities to improve student achievement and ensure that every child graduates from high school prepared for college, a career, and a future as a productive, critically-thinking adult.

The Department is establishing programs to strengthen ties between schools and communities, and is giving teachers and students the support they need to reach higher standards. These programs and supports are building a system of schools centered on student learning. Along with strengthened partnerships between parents, teachers, students, school leaders, and communities, these initiatives will ensure Strong Schools, Strong Communities, so that all students succeed. Additional information is available in a report, entitled Strong Schools, Strong Communities: A New Approach to Supporting New York City’s Public Schools and All of Our Students.

The Framework for Great Schools and CEP Development

The Framework for Great Schools encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement and increase learning opportunities. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The Comprehensive Educational Plan (CEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement activities and strategies that improve outcomes for students.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Framework for Great Schools identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of Chancellor’s Regulations A-655, all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of five goals and action plans that align with
the first five elements of the Framework for Great Schools (listed below). The sixth element, Trust, is foundational to all the other elements. A goal that reflects a holistic approach will often address more than one element, as the elements work together to support student achievement. Place your goal in the section of the template where it fits best, knowing that it likely addresses other elements as well.

The Quality Review and the Framework for Great Schools

In order to address the six elements of the Framework for Great Schools, school communities should engage in improvement planning that is also informed by the NYCDOE’s Quality Review Indicators and other quantitative and qualitative data.

NYCDOE’s Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to school practice, with the ultimate goal of impacting student achievement. The Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
II. School Culture: Positive Learning Environment (1.4), High Expectations (3.4)
III. Systems for Improvement: Leveraging Resources (1.3), Goals and Action Plans (3.1), Teacher Support and Supervision (4.1), Teacher Teams and Leadership Development (4.2), Monitoring and Revising Systems (5.1)

School Quality Guide

The School Quality Guide is an important part of the New York City Department of Education’s (NYC DOE’s) efforts to set expectations for schools and promote school improvement. The report is designed to assist educators to accelerate academic achievement toward the goal of career and college readiness for all students. The report is also available to families and other members of the community who wish to obtain detailed information about a school’s practices and performance. The School Quality Guide includes a mixture of qualitative and quantitative information. For the quantitative information, the report provides multiple years of data, which shed light on trends over time. The report also provides context for the school’s quantitative data by including comparisons to the performance of similar schools and all schools citywide. The report includes school-specific targets for each quantitative metric, set based on the historical performance of similar schools and all schools citywide.

Title I Requirements and Strengthening Title I Parent Involvement
Title I schools are subject to the Every Student Succeeds Act (ESSA) requirements regarding school accountability, professional development, and parent and family engagement.

To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students’ academic outcomes, all Title I schools are required to establish a Title I Parent Committee that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the administration and spending of Title I funds. Title I parents may choose to establish:

- a Title I parent subcommittee of the existing Parent Association (PA)/Parent-Teacher Association (PTA) or;
- a Title I Parent Advisory Council (PAC)

It is recommended that the Title I Chairperson (or alternate representative) attends all regular meetings of the School Leadership Team (SLT). The SLT is responsible for facilitating consultation with the Title I parent committee regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. Title I parent must be consulted regarding the use of the Title I 1% budget. The Title I 1% set-aside is used to supplement parent and family activities as described in the school’s Parent and Family Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on establishing a Title I Parent Committee click here.

Next Steps for CEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Ensure that a fully formed and functional School Leadership Team (SLT) exists and meets all the requirements of Chancellor’s Regulations A-655.
- **Step 2:** Conduct a comprehensive needs assessment informed by the school’s updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 3:** Revisit your school’s current goals, modify existing goals, and/or strategically create new goals informed by the needs assessment and aligned with the Framework for Great Schools. Ensure the annual goals are SMART—Specific, Measurable, Achievable, Relevant, and Time-bound. Writing your goals as SMART will help you monitor progress against the qualitative or quantitative measures you’ve identified, and will help your school community know when you’ve reached your goal.
- **Step 4:** Build consensus around strategies, activities, and programs to address students’ needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school’s AIS section and complete the Students in Temporary Housing section. Title I schools must also update the Parent and Family Engagement Policy and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether activities and strategies outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Treat the plan as a living document. Adjust the plan along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

<td>Utilizing a multitude of services, JSK intends to design a customized level of support for each student to earn a Regents or High School Equivalency Diploma, career and technical certificates and develop a college, career, and post-graduate plan. All students will participate in a course of study, which will include interpersonal skill development, that best fits their needs so that they can be successful in the demanding 21st century college and career world.</td>
</tr>
</tbody>
</table>
2. Provide contextual information about your school’s community and its unique/important characteristics, including a description of strategic collaborations/partnerships and/or special initiatives being implemented.

JSK is housed within the School for Cooperative Technical Education which offers 21 different trade options to our students. All students at JSK will have the opportunity to earn the most appropriate diploma as well as one or more career and technical certificates. We also have a collaboration with CAMBA in which we provide a unique support model where all students have both an advocate counselor and a social worker. This collaboration affords us the opportunity to surround our students with adequate support to address their individual needs. Many of our students have court or other system involvement which has affected their success in school prior to now.

3. Describe any special student populations and what their specific needs are.

Our school has a large percentage of system-involved youth, including students who are court-involved, are transitioning from detention, are on probation or are involved in foster/congregate care. This population requires special attention for which we provide a unique system. All of our students have an advocate counselor from our community based organization as well as a Department of Education social worker. Our teams of adults have very small caseloads in which they can design individualized supports to each student.

4. Identify the elements of the Framework for Great Schools in which your school made the most progress over the past year, and your key areas of focus for this school year.

Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5A – Framework for Great Schools Element – Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.

Part 1 – Needs Assessment

Briefly summarize your needs assessment by answering each question below using the most current summative and formative data trends relative to this Framework element. For example, data sources should include but are not limited to the Quality Review, NYSED School Report Card, NYC School Quality Guide, NYC School Survey, etc. Number responses accordingly.

1. What are the school’s strengths relative to this Framework element? Indicate the data trends, source and year.
2. What is the priority need(s) that will be addressed in the goal and action plan for this Framework element? Indicate the data trends, source and year.

JSK has an innovative program model in which students participate in blocks of STEM and Humanities. In order for students to achieve content objectives it is imperative that we develop curriculum that is rigorous, relevant to the coursework, and interesting. As we are a new school, this curriculum will be adjusted as we move through the school year based on student achievement and credit needs.

Part 2 – Annual Goal

Indicate your school’s 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools—Rigorous Instruction. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART—Specific, Measurable, Achievable, Relevant, and Time-bound.

By the end of term 2 in March of 2018 all content objectives will be identified and planned for all course offerings in SY 2018-2019.
### Part 3a – Action Plan

**Activities/Strategies:** Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

Teachers will also participate in NFTE training so that they can integrate entrepreneurship into their humanities curriculum.

Professional development built into the weekly schedule where teachers have at least a half day per week to plan curriculum. Teachers will utilize student in order to plan and adjust.

### Part 3b – Parent and Family Engagement

**How will your school engage parents/families and support their understanding of Rigorous Instruction and New York State standards in order to support their children at home? Include the timeline and identify key personnel responsible for implementation and oversight.**

The SLT team will review curriculum goals together with the principal. Parent members and PTA president will be briefed on curricular progress and given voice to provide input.

### Part 4 – Budget and Resource Alignment

**Part 4a.** Indicate resources you will leverage to achieve this annual goal and implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

Per session funds are set aside for summer work and after school work as necessary.

Part 5 – Progress Monitoring

**Part 5a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.

At the end of term 1 and term 2 the principal, along with district support, will analyze curriculum outcomes. Adjustments will be made in order to ensure completion in SY 2017-2018.

**Part 5b.** Indicate the specific instrument of measure that is used to assess progress. (e.g. Performance Series, January Regents, etc.)

3. What policies, practices, and structures are in place to ensure you are supporting the whole child?

JSK has been designed to service students with some of the highest need levels in the city. Due to our high needs population it is critical that we design a program that is supportive to students in many aspects.

Part 2 – Annual Goal

Indicate your school’s 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools—Supportive Environment. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART—Specific, Measurable, Achievable, Relevant, and Time-bound.

Attendance per student will increase by 5% overall as compared with SY 16-17 (previous school year data)
Part 3a – Action Plan

Activities/Strategies: Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

We have an integrated DOE and CAMBA staff with many years of experience with under served populations and experience utilizing restorative practices. We have a full time school culture director who will facilitate strong relationships with our CBO and community partners in order to provide the best services to our students.

Scheduling will be individualized to meet graduation goal, including most appropriate diploma and desired CTE path. There will be academic sessions and CTE sessions in the morning and afternoon and students will be programmed to what’s most appropriate for them.

We will hire a full-time internship developer who will identify appropriate internships for our students. Providing our students with paid internships will increase engagement while allowing students to practice using soft skills in diverse settings.

Every student will be paired with an advocate counselor and a social worker. This team will provide the students with support on a daily basis according to the individual student need.

3b – Parent and Family Engagement

How will your school engage parents/families and support their understanding of Supportive Environment in order to support the whole child? Include the timeline and identify key personnel and stakeholders responsible for implementation and oversight.

Advocate counselors and Social Workers will be in constant communication with family members, supportive adults, and service providers for each student. At least once per week social workers and advocates will be in touch with supportive adults regardless of progress. More intensive interventions will be set up as necessary for students with higher need levels.

As we started JSK we were very intentional in including the families of every student. It is our belief that building a relationship with families and the community is the only way to fully educate a child. As such, we require that the family of all students come to admission with the students and we keep them engaged in the school with frequent phone calls and invitations for meetings as well as family events. We also encourage families to participate in the adult education program within the building as there are multiple trade options available.

In order to engage our students in the community we are also building a robust internship program. All of our students will engage in an internship in which they contribute to the community.

### Part 2 – Annual Goal

Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART—Specific, Measurable, Achievable, Relevant, and Time-bound.

By June of 2018, we will have engaged all parents in one or more school events. Also by May of 2018, all students will have participated in internship workshops that help them identify appropriate internships and skills that they need to learn before they graduate in order to contribute positively to our community.

4c. “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated. On the chart below, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal,
State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs**: To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I Priority and Focus School Improvement Funding**: Support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A**: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A**: To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

**Important Note:** The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside**: Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA**: To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
• **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.
**Section 9: Parent and Family Engagement Policy and School-Parent Compact (SPC)**

*(Required for All Title I Schools)*

**Directions:** Title I schools are required to establish a Title I parent committee that will serve as the consultative and representative body for all Title I parents in the school regarding the Title I program. The Title I parent committee will participate with the School Leadership Team (SLT) in the joint review, planning, and improvement of the school’s Title I program. All Title I schools are required to have a Title I Parent Representative or Parent Advisory Council Chairperson that develops a **Parent and Family Engagement Policy** in collaboration with the School Leadership Team that meets the parental involvement requirements of Title I. The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the Parent and Family Engagement Policy that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school’s Parent and Family Engagement Policy should align with current S/CEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school’s policy.

Your school’s Title I Parent Representative or Parent Advisory Council Chairperson is encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school’s current policy.

---

**Parent and Family Engagement Policy**

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **JUDITH S. KAYE SCHOOL**, in compliance with the Section 1118 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school’s policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community.

**Support for Parents and Family Members of Title I Students**

**JUDITH S. KAYE SCHOOL** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;

- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;
Parental Involvement and School Quality

The school’s Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school’s Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school’s Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school’s Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school’s Title I Parent Involvement Policy and School-Parent Compact;
- Title I Priority and Focus Schools and the parents of students served in the Title I program must **jointly agree upon** the use of these additional funds to support increased parent engagement/education to enable parents to effectively support their child’s learning.
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school’s Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents’ capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school’s Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school’s educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

Encouraging School-Level Parental Involvement
The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;

SUBMISSION FORM
2017-18 AND 2018-19 SCHOOL YEAR

DIRECTIONS: This submission form supports schools with organizing and describing the quantitative and qualitative information necessary for a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for English language learners (ELL). This is a two-year plan on how schools will support ELLs’ linguistic and academic needs. This LAP form is a part of the school’s Comprehensive Educational Plan (CEP). Note: this is a living document; any schoolwide changes involving the services of ELLs, such as the addition or expansion of a transitional bilingual education (TBE) or dual language (DL) program should be updated in this form. Agendas, minutes of LAP meetings, and LAP team members’ attendance at meetings should be kept readily available on file in the school. When preparing your school’s submission, provide extended responses in the available spaces. For additional information, refer to the English Language Learner Policy & Reference Guide.

Include how integrated and standalone ENL are implemented as per CR Part 154.2 as well as how students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class]).
   a. Freestanding ENL program.
   b. TBE program. *If applicable.*
   c. DL program. *If applicable.*

2. How does the school ensure the mandated number of instructional minutes is provided according to proficiency levels in each program model?
   a. How are explicit ENL, ELA, and HLA instructional minutes delivered in each program model (see charts 5.1 and 5.2 below)?

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

4. How do you ensure that ELLs are appropriately evaluated in their home languages throughout the year?

5. How do you differentiate instruction for each of the following ELL subgroups?
   a. SIFE
   b. Newcomer
   c. Developing
   d. Long Term
   e. Former ELLs up to two years after exiting ELL status
6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?

7. How does your school use curricular, instructional, and scheduling flexibility to enable ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

8. Describe your targeted intervention programs for ELLs in ELA, math, and other core content areas (specify ELL subgroups targeted). List the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.

9. Based on data and trends, what new programs or improvements will be considered for the upcoming school year?

Part V: ELL Identification Attestation

Principal Certification

In accordance with New York State’s Commissioner’s Regulations Part 154 as outlined and implemented in the New York City’s ELL Policy and Reference Guide, I, [PRINCIPAL’s NAME], testify that the following ELL identification procedures and activities are adhered to and staff are trained on the following:

1. The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
2. Enrollment status of each newly admitted student is determined
   a. If student has been in NYS public schools within past 2 years, our school contacts previous school to obtain ELL status relevant assessment scores, and proficiency level.
3. The home language of the student is determined by a trained and licensed pedagogue.
   a. The parent completes the Home Language Identification Survey in the parent’s preferred language; translation services are provided by a bilingual staff member, the DOE’s over-the-phone translation services, or an alternative, high quality translation service.
4. Eligibility for the NYSITELL is determined.
   a. If the newly enrolled student is entering with an IEP, the school’s Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.
5. Student is administered the NYSITELL, if eligible.
6. Parent notification letters are sent to the parent in the parent’s preferred language.
   a. Parent is notified of their child’s ELL status.
7. If the student is identified as an ELL and the student’s home language is Spanish, the student is administered the Spanish LAB.
8. Student with interrupted/inconsistent formal education (SIFE) status is determined using New York State’s resources available on NYSED’s website: http://www.nysed.gov/bilingual-ed/schools/students-interruptedinconsistent-formal-education-sife.
9. If student is an ELL, parent is invited to the parent orientation meeting.
   a. Parent orientation meeting provides parents with an explanation of each ELL program models offered in NYC; the parent video describing the three programs is presented (in parent’s preferred language); parents are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.
10. ELL is placed in the ELL program that the parent selected.
    a. If the ELL program that the parent selected is not available, the parent is offered a transfer to a school with that program in accordance with DOE transfer policies.
    b. If the ELL remains in the school, the ELL is placed in English as a new language and our school keeps track of parent choice so that when minimum thresholds are met, we can open the ELL program of choice.
11. Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Reidentification Process).
12. If the ELL Reidentification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Reidentification Process within 6 to 12 months.

**School Goal:** To ensure that parents whose preferred language is other than English are provided with meaningful opportunities to participate in and have access to programs and services critical to their child’s education (Chancellor's Regulation A-663).

By developing each of the following components, your school will have a comprehensive plan to provide translation and interpretation services for all parents that cannot communicate in English (not just parents of ELL students).

**Part A: Identification and Assessment of Parents that Cannot Communicate in English**

1. Describe the data and methodologies used to assess language preferences of the parent community for both written and oral communication. Include pertinent information culled from:
   - Part III of the Home Language Identification Survey (HLIS)
   - Automate The System (ATS) reports
   - Student Emergency Contact cards
   - Surveys conducted by your school.

2. List parents’ preferred languages for both written and oral communication. List ALL languages, including English, which are represented in your school community. This information can be found in the Parent’s Preferred Language Report (RCPL) ATS report.

</table>
3. From the list of parents’ preferred languages provided in the previous question, list any languages that represent at least a 10% population (minimum 20 families) of your school or more (excluding Arabic, Bengali, Chinese, English, French, Haitian Creole, Korean, Russian, Spanish and Urdu). If this is not applicable to your school please write N/A.

</tbody>
</table>

2. List the formal face-to-face meetings your school will typically have with parents throughout the school year, such as parent-teacher conferences or curriculum nights, when they will occur, and plans to provide interpretation at those meetings.

<th>Meeting Name</th>
<th>Month/Frequency of Meetings</th>
<th>How does your school plan to provide interpretation service(s)?</th>

3. Describe your school’s communication strategy to reach families that cannot communicate in English in the event of a school emergency.

Part C: Training Staff on Policies and Procedure

Describe how your school will ensure that all staff members are aware of the goal of Chancellor’s Regulation A-663 and what resources are available to meet compliance.

Part D: Providing Notice of Language Assistance Services

Describe how your school will make parents that cannot communicate in English aware of their right to receive information. Include any:
- Translated signage
- Brochures/flyers/letters shared with parents
• Any parent engagement events where this is expressed (i.e. PTA meetings, international parent’s night, etc.)

Part E: Monitoring Provision of Language Services
Describe mechanisms your school will use to gather feedback from parents that cannot communicate in English on the language services they receive. How has your school implemented the feedback to improve language services?
