Section 2: School Leadership Team (SLT) Signature Page

All SLT members are expected to sign this page to confirm their participation in the development of this Comprehensive Educational Plan (CEP) and that they have been consulted with regarding the alignment of funding to support this school’s educational program, which includes annual goals and action plans, Academic Intervention Services (AIS), Parent and Family Engagement Policy and School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor’s Regulation A-655, available on the New York City Department of Education (NYCDOE) website.

Directions:
1. List the names of each SLT member in the first column on the chart below.
2. Specify the constituent group represented, e.g., parent, staff, student, Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*.
3. SLT members should review this document and sign in the right-hand column in blue ink. If an SLT member does not wish to sign this plan, the member may attach a written explanation in lieu of his/her signature, which must be maintained on file at the school with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
4. The original signed copy, along with any written communications pertaining to this page, is to remain on file in the principal’s office and be made available upon written request.

Section 3: Directions and Guidance for Developing the Comprehensive Educational Plan

The Comprehensive Educational Plan (CEP) is meant as a tool to facilitate continuous improvement planning – to support schools in engaging their staff, parents, families, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development aligned with the school’s state accountability and New York City’s Equity and Excellence for All: Diversity in New York City Public Schools, Strong Schools, Strong Communities, and Framework for Great Schools.

Equity and Excellence for All: Diversity in New York City Public Schools

The New York City Department of Education (NYCDOE) is committed to supporting learning environments that reflect the diversity of New York City. NYCDOE believes all students benefit from diverse and inclusive schools and classrooms where all students, families and school staff are supported and welcomed. This work is essential to our vision of Equity and Excellence for all NYC students. The research is clear – that all students benefit from diverse, inclusive schools and classrooms. The Equity and Excellence for All initiative is already improving the quality of our schools, making them more attractive to a broader range of students. Through comprehensive educational planning informed by Equity and Excellence for All, schools will continue to work to fulfill the promise of diversity in New York City Public Schools for our families and students.

Strong Schools, Strong Communities

The New York City Department of Education (NYCDOE) is committed to working collaboratively with parents, families, educators, and communities to improve student achievement and ensure that every child graduates from high school prepared for college, a career, and a future as a productive, critically-thinking adult.

The Department is establishing programs to strengthen ties between schools and communities, and is giving teachers and students the support they need to reach higher standards. These programs and supports are building a system of schools centered on student learning. Along with strengthened partnerships between parents, teachers, students, school leaders, and communities, these initiatives will ensure Strong Schools, Strong Communities, so that all students succeed. Additional information is available in a report, entitled Strong Schools, Strong Communities: A New Approach to Supporting New York City’s Public Schools and All of Our Students.

The Framework for Great Schools and CEP Development

The Framework for Great Schools encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement and increase learning opportunities. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The Comprehensive Educational Plan (CEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement activities and strategies that improve outcomes for students.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Framework for Great Schools identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of Chancellor’s Regulations A-655, all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of five goals and action plans that align with

2018-19 CEP
the first five elements of the Framework for Great Schools (listed below). The sixth element, Trust, is foundational to all
the other elements. A goal that reflects a holistic approach will often address more than one element, as the elements
work together to support student achievement. Place your goal in the section of the template where it fits best, knowing
that it likely addresses other elements as well.

<table>
<thead>
<tr>
<th>The Six Elements of the Framework for Great Schools</th>
</tr>
</thead>
</table>
| Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards
  are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical
  thinking skills. |
| Supportive Environment: The school establishes a classroom and school culture where students feel safe, supported,
  and challenged by their teachers and peers. |
| Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They
  have the opportunity to participate in professional development within a culture of respect and continuous
  improvement. |
| Effective School Leadership: Principals lead by example and nurture the professional growth of teachers and staff,
  developing and delivering the instructional and social-emotional support that drives student achievement. |
| Strong Family-Community Ties: School leadership brings resources from the community into the school building by
  welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations. |
| Trust: Everyone works toward the shared goal of improving student outcomes, preparing students for success in school
  and beyond. Across the school community, there is respect. School staff, parents, students and administrators value
  each other. |

The Quality Review and the Framework for Great Schools

In order to address the six elements of the Framework for Great Schools, school communities should engage in
improvement planning that is also informed by the NYCDOE’s Quality Review Indicators and other quantitative
and qualitative data.

NYCDOE’s Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by
coordinating qualitative assessments of school communities. All of the qualitative assessments are rooted in the Quality
Review rubric and drive improvements to school practice, with the ultimate goal of impacting student achievement. The
Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
II. School Culture: Positive Learning Environment (1.4), High Expectations (3.4)
III. Systems for Improvement: Leveraging Resources (1.3), Goals and Action Plans (3.1), Teacher Support and
  Supervision (4.1), Teacher Teams and Leadership Development (4.2), Monitoring and Revising Systems (5.1)

School Quality Guide

The School Quality Guide is an important part of the New York City Department of Education’s (NYC DOE’s) efforts to
set expectations for schools and promote school improvement. The report is designed to assist educators to
accelerate academic achievement toward the goal of career and college readiness for all students. The report is also
available to families and other members of the community who wish to obtain detailed information about a school’s
practices and performance. The School Quality Guide includes a mixture of qualitative and quantitative information.
For the quantitative information, the report provides multiple years of data, which shed light on trends over time.
The report also provides context for the school’s quantitative data by including comparisons to the performance of
similar schools and all schools citywide. The report includes school-specific targets for each quantitative metric, set
based on the historical performance of similar schools and all schools citywide.

Title I Requirements and Strengthening Title I Parent Involvement
Title I schools are subject to the Every Student Succeeds Act (ESSA) requirements regarding school accountability, professional development, and parent and family engagement.

To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students’ academic outcomes, all Title I schools are required to establish a Title I Parent Committee that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the administration and spending of Title I funds. Title I parents may choose to establish:

- a Title I parent subcommittee of the existing Parent Association (PA)/Parent-Teacher Association (PTA) or;
- a Title I Parent Advisory Council (PAC)

It is recommended that the Title I Chairperson (or alternate representative) attends all regular meetings of the School Leadership Team (SLT). The SLT is responsible for facilitating consultation with the Title I parent committee regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. Title I parent must be consulted regarding the use of the Title I 1% budget. The Title I 1% set-aside is used to supplement parent and family activities as described in the school’s Parent and Family Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on establishing a Title I Parent Committee click here.

Next Steps for CEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Ensure that a fully formed and functional School Leadership Team (SLT) exists and meets all the requirements of Chancellor’s Regulations A-655.
- **Step 2:** Conduct a comprehensive needs assessment informed by the school’s updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 3:** Revisit your school’s current goals, modify existing goals, and/or strategically create new goals informed by the needs assessment and aligned with the Framework for Great Schools. Ensure the annual goals are SMART—Specific, Measurable, Achievable, Relevant, and Time-bound. Writing your goals as SMART will help you monitor progress against the qualitative or quantitative measures you’ve identified, and will help your school community know when you’ve reached your goal.
- **Step 4:** Build consensus around strategies, activities, and programs to address students’ needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school’s AIS section and complete the Students in Temporary Housing section. Title I schools must also update the Parent and Family Engagement Policy and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether activities and strategies outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Treat the plan as a living document. Adjust the plan along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

### Section 4: CEP Overview

1. What is your school’s mission statement?

At P721R, The Richard H. Hungerford School, our Mission is:

P721R provides quality and rigorous individualized educational programs to students with significant challenges and diverse learning styles in a variety of settings that nurture independence, ensure dignity, and support integration into the community.
2. Provide contextual information about your school’s community and its unique/important characteristics, including a description of strategic collaborations/partnerships and/or special initiatives being implemented.

Contextual Information:

P721R is a District 75 Middle and High School that serves a variety student populations including: 12:1+4, 6:1+1, 8:1+1, 12:+1 and inclusion in both the Middle and High School settings. In addition to the Main Site, P721R hosts 8 off-sites including, IS 24, the Jerome Parker Campus, LifeStyles, McKee HS, New Dorp HS, Tottenville HS, Project Search at Staten Island University Hospital, and Community Resources. Each site is designed to enhance the needs of the unique population of students that attend that site. Our school educates 474 students from grades 6 through 12. The school population is comprised of African American: 21%, Hispanic: 30%, Caucasian: 43%, Asian: 5%, and 1% Pacific Islander/Native American.

During September 2017, P721R’s newly appointed Principal, Kristin McHugh, a former Assistant Principal within our own school community, offered hope and promise to implement the Hungerford vision and mission, and to positively enhance school culture, impacting student achievement. Throughout the 2017-2018 school year, Principal McHugh provided staff, students, and parents with consistency and fidelity in maintaining the vision of Hungerford while also introducing and implementing a rigorous action plan in order to enhance the quality of work we do to allow our students to meet their maximum potential.

Under our current leadership of Principal McHugh, P721R has adopted a theory of action aligned to the implemented plan to address several needs areas identified in the PPO. Our theory of action is grounded in the work of teachers and professional learning communities in collecting and analyzing student achievement data in order to provide students with access to rigorous curriculum that meets their individualized learning needs.

P721R advocates for policies of distributive leadership and builds capacity within the school by empowering our educators to lead projects, take ownership and progress in their professional career. There have been several paraprofessionals and teaching staff that have moved up both within and outside of our organization into leadership positions.

At P721R, students are exposed to a variety of community based learning sites which are based on student interest such as custodial, carpentry, food service, office, gardening, recreational, stocking inventory, customer service and retail experiences. These sites focus on work readiness, skill acquisition and employability. Community based learning programs are a valuable component of transition and these programs integrate our students into the community, while helping them acquire and generalize critical skills to gain and maintain a job. In addition to our community based sites, several sites within our organization have initiated snack cart/cafes programs to provide students with realistic work settings and experiences within the school community. Our Community base partnerships are as follows: Stapes, The Brielle Assisted Living Residence, Living Restoration, United Cerebral Palsy greenhouse, Wagner College, Mc Donald’s, Fort Wadsworth, Harvest Cafe, Barnes and Noble, and Five Below. Our Community Resources off-site has on-site training in the area of Automotive, Culinary Arts, Cafe/Barista, and Graphic Design working with a company called Special Tee’s. Aside from our community partnerships, P721R has developed internship programs which are an integral part of the transition process for our students. Being our Alternate Assessment students are receiving a Skills and Achievement Commencement Credential certificate, these internships allow students to interview and maintain positions post-graduation. The internship programs we currently have in place are CVS Pharmacy and Project Search, which is a new program completing it’s first year through AHRC and Staten Island University Hospital.
During the 2017-18 school year, The Hungerford School and New Dorp High School continued to foster a Collaborative School Community, which is a school culture of full inclusion, mutual respect, understanding and collaboration between staff and students. Our students have multiple job exposure opportunities and integration with their general education peers.

P721R consistently strives to support and empower its professional staff. The New Teacher Institute at P721R helps to make the first year of teaching as smooth as possible with available resources and experienced volunteer mentors. Mentors provide new teachers with strategies, tools and ongoing support to meet the challenges of their new careers. During full-day sessions multiple times throughout the school year, participants learn about classroom management, instructional techniques, assessment administration, inclusion, best practice for communicating with students, parents and colleagues, technology tools and the school community at P721R. We had 9 teachers in the 2017-2018 complete the program.

Goals for the 2018-2019 New Teacher Institute include:

1. Collaboration to develop a personal toolbox of applicable techniques for planning and delivering effective instruction.

2. Maximizing time and energy for managing a demanding classroom schedule and school culture.

3. Acquiring technology tools that enable teachers, mentors and their students to organize and retrieve classroom data and information around planning, prioritizing, assessment and communication.

4. Learning and practicing leadership coaching tools that benefit personal, student, colleague, and parent communication.

5. Creating a supportive, sustaining coaching beginning teacher/mentor relationship.

P721R also incorporates technology as a valuable resource using iPads, a Bluetooth switch and mounting systems to allow student to take photographs and participate in the photo class. With the money received from the 2017-18 RESO A grant. This year we were able to utilize our resources to purchase a variety of technology to meet the individualized needs of our sites and support our students growth.

3. Describe any special student populations and what their specific needs are.

Special Student Populations and Needs:

P721R serves alternate assessment students with a wide range of disability classifications, and a multitude of management needs that are implemented and differentiated on a daily basis to ensure multiple entry points and access for all learners within our school community.

Many students require specific instruction in awareness of the environment, pedestrian skills, problem solving, transportation/travel-related skills and behaviors to achieve independent mobility and use of public transit. P721R’s Travel Training personnel are specifically trained in the Competencies for the Practice of Travel Instruction and Travel Training to provide this individualized instruction to eligible students. Travel Training is a comprehensive, specially designed, one-to-one instruction program to teach high school age students how to travel safely and independently on public transportation. Independent travel and use of public transit is closely connected to successful post-school results for students in terms of employment, education, community inclusion, and independent living.

P721R utilizes the Student Annual Needs Determination Inventory (SANDI), a comprehensive classroom assessment for students with significant intellectual impairments. The SANDI allows access to Common Core Learning Standards (CCLS), in order to specifically target individual student strengths and needs. The SANDI provides a basis to determine educational benefits related to the student’s present levels of performance, progress on the Individual Education Program (IEP) goals and identification of educational needs. All tasks are aligned to CCLS and provide our students with an entry point to these standards in a way that is meaningful and functional for their individual needs. Although P721R administers a formal SANDI Assessment twice per year (Fall and Spring), teachers utilize the SANDI throughout the year as a tool to note mastery and need areas that are flagged to address goals.

Formative Assessment of Standards Tasks (FAST) is an extension of the SANDI which is used as a benchmark assessment. The FAST utilizes multiple measures of data collection which is composed of an electronic portfolio that tracks students progress across time. The FAST collects targeted standard reports by student, teacher, site and district. The data is used to guide instruction using evidence-based practices.
P721R asserts that many maladaptive behaviors may occur due to a student’s inability to express their emotions. Every classroom in P721R has adopted a mood meter to assist students in their self-expression as well as reflection. Emotions are continuously discussed in an open forum in every classroom. It is P721R's belief that a student cannot learn unless they are self-regulated. The incorporation of emotional literacy and the mood meter have reduced maladaptive behavior within our school environment and create an atmosphere that fosters learning and student progress.

4. Identify the elements of the Framework for Great Schools in which your school made the most progress over the past year, and your key areas of focus for this school year.

Elements of the Framework for Great Schools Demonstrating Progress for the 2017-2018 School Year:

Based on the 2018-19 School Quality Guide, P721R made significant and notable progress in the areas of Effective School Leadership and Trust as evidenced by a 12% increase from the District level data in the area of Principal to teacher trust. This data is a testament to the mission and vision of our new school leader, Kristin McHugh. We have worked this year towards building capacity and empowering teacher teams to take more leadership roles within the school, including inquiry teams with targeted areas, providing them with autonomy and flexibility.

We have worked to embed the arts within core curriculum areas to enhance the areas of both Supportive Environment and Strong Family and Community Ties. To support the area of Supportive Environment we have created a cluster position for teaching literacy through drama. Our drama cluster teacher provides a class that teaches our students literacy skills needed to support the school's collaborative spring musical.

P721R has been in a successful partnership with Lincoln Center Education over the past 5 years. During the 2017-18 school year, The Jerome Parker Campus, was showcased as a Lincoln Center Focus school. During this partnership, lead teachers created and implemented an action research project, highlighting the progression of our students through the arts with a specialized focus on how they can increase their capacity for reflection, gain a sense of independence through choice-making, and develop meaningful interactions with peers. Our school is in the fourth year of a Grant, in association with MTI and Broadway Junior. In accordance with the Framework for Great Schools areas of collaborative teachers and supportive environment, this grant allowed us to put on a school-wide production of a musical. This past year we live streamed Lion King JR. across our school sites and our students got a chance to perform the show for their peers, parents and staff. Theatrical arts enhance and enrich our students program, while providing them with a sense of belonging and purpose.

Continuing to highlight the area of Supportive Environment, P721R has strived to attain the Least Restrictive Environment for every student and to show reductions and terminations with related service providers. The data for the 2017-2018 school year is as follows:

Class Ratio : Total 22
1 -D75 Alternate Assessment to D31 Standardized,
7- 12:1:1 to SETSS Inclusion,
6- 12:1:3:1 to 12:1:1,
2 6:1:1 to SETSS-Inclusion,
5-6:1:1 to 12:1:1 ,
3- 8:1:1 to 12:1:1
Terminations: Total 63
12- 1:1 Paraprofessional’s
17- Speech Therapy
18- Occupational Therapy,
3- Physical Therapy,
18- Counseling,
1- Hearing,
Reductions: Total 103
37- Speech Therapy,
47 -Occupational Therapy,
23 Physical Therapy,
10- Counseling
4- Vision

These statistics are a testament of the ability of P721R to work towards enabling students to gain greater independence in their least restrictive environment.

Since an area of need was monitoring and revising systems, the administrative team has worked hard to develop a comprehensive action plan to address the below areas of focus (needs) indicated by the PPO completed in April 2018 in order to improve the overall school.

Elements of the Framework for Great Schools Indicating Areas of Focus for the 2018-2019 School Year:
According to P721R PPO (Principal Performance Observation), next steps are to "support teachers with lesson preparation and with developing a better understanding of students cognitive levels and PLOP (present level of performance)". Therefore, our key areas of focus from the Framework for Great Schools for the 2018 – 2019 school year are rigorous instruction (Pedagogy and Assessment) and collaborative teachers (Teacher Support and Supervision.) According to MOTP (measurement of teacher performance) of Advance section 3D, using assessment in instruction, is the area where most growth is needed. Also, based on feedback from district level walk throughs, P721R initially lacked overall vision and guidance for teacher teams and needed updated inquiry team and PLC focus templates. We plan to deepen these areas of focus this school year.

Although P721R scored stronger than the citywide average, an area of focus within the framework will be fostering Strong Family-Community Ties. This past school year, P721R welcomed a new parent coordinator. Sadly, our previous parent coordinator had passed away suddenly February of 2016. As a school community, we anticipated an adjustment period for our new parent coordinator. During the 2018-19 school year, we hired a brand new parent coordinator and the school administration will continue to work to establish strong relationships with families and community members by having the parent coordinator work more closely with the P721R transition office and introduce weekend events to create more accessibility and further support for our parents and students in designated needs areas identified on the Level One Vocational Assessments, qualitative parents feedback and IEP conferences.

To align to the areas of Rigorous Instruction, during the 2018-19 school year, P721R will continue to focus on embedding arts in education and incorporate research-based curriculums aligned to specific student need levels in order to improve student achievement. Purchased curriculums for this year include: Unique, Attainment, Stemsscopes, EQUALS, and First Author. Our school is also piloting a data tracking system to ensure monitoring For the 2018-2019 school year, P721R will focus on continuing best practices to support students and staff. This includes, utilizing formative assessment tools, such as SANDi and FAST, in order to collect meaningful data for all students in order to more accurately inform instruction. Students will continue to take ownership of what they are learning by continuing to utilize self-assessments that effectively communicate a students voice.

Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5A – Framework for Great Schools Element – Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.

Part 1 – Needs Assessment

<table>
<thead>
<tr>
<th>Briefly summarize your needs assessment by answering each question below using the most current summative and formative data trends relative to this Framework element. For example, data sources should include but are not limited to the Quality Review, NYSED School Report Card, NYC School Quality Guide, NYC School Survey, etc. Number responses accordingly.</th>
</tr>
</thead>
</table>

1. What are the school’s strengths relative to this Framework element? Indicate the data trends, source and year.
2. What is the priority need(s) that will be addressed in the goal and action plan for this Framework element? Indicate the data trends, source and year.

To support students to develop their maximum potential by providing them with essential academic, social, emotional, and behavioral skills. Our program accomplishes this goal by creating a nurturing environment that is physically and emotionally receptive to the needs of our students and their families. We use a collaborative, multi-sensory approach involving age appropriate, research based, individualized instruction. We believe in shared decision making that involves integrating the families and community of the children in our school in order to develop cooperative and respectful policies that directly and positively impact student achievement.

According to PPO (Principal Performance Observation) from April 2018, P721R next steps are "to help teachers use assessments to confirm each student's appropriate entry point into instruction. This will allow them to create lessons and student groups to support individualized levels and needs, with ongoing opportunities to practice skills using strategies that confirm understanding and learning while supporting independence." Showing us a priority need for our school is to utilize a school wide data collection system in order to analyze school based trends and inform instruction to provide a more rigorous curriculum that meets students individualized levels and needs. Also, suggested to review school wide data tracking systems in order to create one for P721R.

The school community is dedicated to supporting its students and its cohesive efforts result in a safe and productive learning environment, harnessing the strengths of related service providers, interventions and technology. Classroom observations that provide effective feedback and articulate clear expectations, coupled with the continuous analysis of student work, support professional growth ensuring improved instruction.

P721R has high expectations for academic rigor. We implement the Student Annual Needs Determination Indicators (SANDI) in all of our sites as a diagnostic/summative assessment, as well as, measurement of student learning. We have been using this tool to help identify academic needs, which informs us of writing individualized S.M.A.R.T. (Specific, Measurable, Attainable, Realistic, and Timely) IEP goals for all of our students. The SANDI helps staff determine student need areas and aligns those needs to content standards, providing access to grade level standards based curriculum. The FAST is a performance based, short-cycle formative assessment, which informs instruction immediately, monitors progress on high leverage standards and describes how students are progressing in targeted skills that are directly aligned to the Chancellors Instructional Expectations.

Priority needs are addressed in our goals and proposed action plans in order to increase practices of rigorous instruction for the 2018-2019 school year. The Hungerford Schools Instructional Focus will increase opportunity for meaningful assessment indicating next steps for students across all environments, informing purposeful instruction. As a school policy, we will advocate for challenging academic instruction and hands-on opportunities aligned to
specific SANDI skills, creating streamlined and targeted instruction for each students unique needs. SANDI assessments will also be integrated as a living document, aligning with our school marking periods and done throughout five times during the year to ensure effective and timely monitored of targeted and flagged goals outlined in the IEP (September, November, January, March, June and during the development of their IEP). In this way, teachers will be able to capture and analyze data on IEP goals developed from SANDI skill areas in Reading, Writing, Math and Communication.

Professional Learning Communities comprised of teacher teams will meet regularly to plan units of study based upon the needs of their students, analyze student work, data progress monitor & make revisions in both complexity and instructional strategies. Starting in the 2018-2019 school year, we will begin using Attainment Data Keeper to track IEP goals and progress towards instructional goals.

In addition to an increased emphasis on in-house curriculum and instructional rigor, during the 2017-2018 school year 721R also had the opportunity to collaborate with people from the District Office to help our teachers facilitate meaningful instructional practices in their classrooms. Teachers were able to meet with ELA, Math, and Autism coaches to plan lessons and work on their classroom structure. Additionally, we reorganized our instructional track assigning classrooms supplemental programs to use to increase student achievement such as Attainment, Unique, First Author, Failure Free Reading, Equals, ST Math, and STEMScopes.

As an organization we continue to believe that these multiple points of assessment provide teachers with guidance concerning the range of writing skills to be taught, the importance of exposing students to diverse text types, strategies for generating a range of topics, and supporting teachers as they identify multiple entry points into the content so that all students needs are met.

**Part 2 – Annual Goal**

Indicate your school’s 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools—Rigorous Instruction. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART—Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2019 students in 6:1:1 class ratios will demonstrate a 5% growth in ELA and Math scores through the use of targeted small group instruction.
### Part 3a – Action Plan

**Activities/Strategies:** Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

<table>
<thead>
<tr>

</tr>
<tr>
<td>4. Teachers will monitor data collected through Attainment Data Keeper during weekly inquiry meetings. Teachers will continue to treat SANDI as a living document and change scores if necessary.</td>
<td>Students, Teacher PLC’s Administration</td>
<td>Weekly Sept 2018-June 2019</td>
<td>Administration, All Teachers</td>
</tr>
</tbody>
</table>

### 3b – Parent and Family Engagement

How will your school engage parents/families and support their understanding of Rigorous Instruction and New York State standards in order to support their children at home? Include the timeline and identify key personnel responsible for implementation and oversight.

The school collaborates with families on all aspects of a student’s IEP, including the goals. Therefore, parents will have input into the strategies used during small group instruction for their child during lessons to reinforce that IEP goals are generalized into all content areas. The school will also continue to offer workshops around our academic and homework policy.

### Part 4 – Budget and Resource Alignment

**Part 4a.** Indicate resources you will leverage to achieve this annual goal and implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

1. Programs to support academic assessment.
2. Programs to support school curriculum.
3. Academic Intervention programs to support student learning.
4. Arts Education programs to support parent involvement and student learning.

5. Technology - for adaptive equipment and hardware updates to support barrier free student learning.

6. Funds for human resources

7. Funds for non-fictional literature and textbooks.

8. Supplies needed to support small group instruction.

9. Student Stipend to support vocational training programs.

10. Schedule Adjustments

**Part 4b. Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.**

<table>
<thead>
<tr>
<th>Tax Levy</th>

<td>C4E</td>
<td>21st Century Grant</td>
<td>SIG</td>
<td>PTA Funded</td>
<td>In Kind</td>
</tr>
</tbody>
</table>

**Part 5 – Progress Monitoring**

**Part 5a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.

By October 2018, staff will be trained on the unit plans that incorporate SANDI goals/IEP goals into small group instruction. Progress made will be exhibited by teachers designing lessons that unique to their classrooms that utilize leveled small group instruction.

By February 2019 school administration will review school level assessment data. We expect to a 2.5% increase in ELA and Math skills in the 6:1:1 classes. Data will be collected through SANDI, which is a living document, and Attainment Data Keeper.

The Fall SANDI assessment will be complete by the end of October 2018 and results will be analyzed in Professional Learning Communities (PLC) in order to determine areas of focus for individual students after reviewing the data each PLC their inquiry team’s focus.

FAST Benchmark 1 will be complete by mid December 2018 and results are will be analyzed during Professional Learning Communities in order to determine areas of focus for individual as well as groups of students.

**Part 5b.** Indicate the specific instrument of measure that is used to assess progress. (e.g. Performance Series, January Regents, etc.)

- SANDI data Fall 2018
- SANDI data Spring 2019
- FAST data Benchmark 1
- FAST data Benchmark 2

**Part 5c.** In **February 2019**, review progress towards meeting the annual goal and make adjustments to the action plan, if applicable.
### Section 5: Needs Assessment, Annual Goals, and Action Plans

**Section 5B – Framework for Great Schools Element – Supportive Environment:** The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.

#### Part 1 – Needs Assessment

<table>
<thead>

<td>Indicate the data trends, source and year.</td>
</tr>
<tr>
<td>3. What policies, practices, and structures are in place to ensure you are supporting the whole child?</td>
<td></td>
</tr>
</tbody>
</table>

In order to create the most supportive environment for our students, P721R provides students with their least restrictive environment (LRE), and promotes independence. As students gain the necessary skills to perform activities of daily living they are able to participate in the academic and vocational programs with more independence and experience greater success. We emphasize safety and transition skills as our students become valued members of the community.

P721R advocates for students to be in their Least Restrictive Environment (LRE) as outlined by the IDEA. The basis of is to maximize potential while incorporating students in an environment that allows them the opportunity to be involved in the greatest extent possible in an environment that is most conducive to their learning needs. During the 2016-17 school year, the class ratio LRE is as follows:

The data for the 2017-2018 school year is as follows:

Class Ratio: Total 22

1. D75 Alternate Assessment to D31 Standardized,
   7. 12:1:1 to SETSS Inclusion,
   6. 12:1:3:1 to 12:1:1,
   2. 6:1:1 to SETSS-Inclusion,
   5. 6:1:1 to 12:1:1,
   3. 8:1:1 to 12:1:1

Terminations: Total 63

12. 1:1 Paraprofessional’s
17. Speech Therapy
18. Occupational Therapy,
3. Physical Therapy,

<table>

18- Counseling,
1- Hearing,

Reductions: Total 103

37- Speech Therapy,
47 -Occupational Therapy,
23 Physical Therapy,
10- Counseling
4- Vision

These statistics are a testament of the ability of P721R to work towards enabling students to gain greater independence.

Based on the feedback from the 2017-2018 PPO, P721R will be implementing protocols and procedures to design more rigorous instruction for our students to meet their unique needs. Based on the more targeted, meaningful and purposeful instruction, we anticipate showing a positive trend in student achievement in terms of our LRE data for the 2018-2019 school year.

Part 2 – Annual Goal

Indicate your school’s 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Supportive Environment. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2019, P721R students will have an increase in moving to a LIS (less intensive services) as measured by a 10% increase in the number of students from the 2017 –2018 school year compared to the 2018 – 2019 school year as evidenced by LIS data collection.
## Part 3a – Action Plan

### Activities/Strategies:
Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

<table>

</tbody>
</table>

1. Administration will require the use of school-wide diagnostic/summative and formative assessments.

2. The school provides students with options to promote a healthy lifestyle so students can eliminate challenges and barriers to fulfill student potential in achieving behavioral success (HAP).

3. Professional Development for staff on therapeutic crisis intervention to assisting teachers in preventing crises from occurring, de-escalating potential crises, managing acute physical behavior, and reducing potential and actual injury to students and staff.

### 3b – Parent and Family Engagement

How will your school engage parents/families and support their understanding of Supportive Environment in order to support the whole child? Include the timeline and identify key personnel and stakeholders responsible for implementation and oversight.

Administration will meet with the parent coordinator, School Based Coach, IEP coordinator and the transition coordinator and post-secondary agencies in order to create and present workshops that engage and educate families to deepen their understanding of the continuum of Least Restrictive Environment and the impact it has on students as they transition out of D75 and their career or college ready outcomes. The school will offer these trainings from October 2018-May 2019 during the day, after-school and scheduled weekend hours.

### Part 4 – Budget and Resource Alignment

**Part 4a.** Indicate resources you will leverage to achieve this annual goal and implement this action plan, including human resources, instructional resources, schedule adjustments, etc.
1. Programs to support academic assessment.

2. Programs to support school curriculum.

3. Academic Intervention programs to support student learning.

4. Programs to support PBIS.

5. Arts Education programs to support parent involvement and student learning.

6. Technology for adaptive equipment and hardware updates to support barrier free student learning.

7. Funds for human resources

8. Funds for non-fictional literature and textbooks.

9. Supplies needed to support workshop model

10. Student Stipend to support vocational training programs.

11. Schedule Adjustment

Part 4b. Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

<table>

Part 5 – Progress Monitoring

Part 5a. Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.

By January 2019 the administrative team will conduct a comprehensive analysis of the LRE data reports to determine that we are on track to increase the number of students moving to a LRE (least restrictive environment) by 5%.

By February 2019 the administrative team will review classroom teachers data that promotes students independence. Data including progress reports from service providers and classroom teachers, BIP (behavior intervention plan), PBIS (positive behavioral intervention system), ABC charts, and service reductions.

Part 5b. Indicate the specific instrument of measure that is used to assess progress.

- Data on LRE
- Progress monitoring of IEP goals
- Reduction in mandates

Part 5c. In February 2019, review progress towards meeting the annual goal and make adjustments to the action plan, if applicable.
Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5C – Framework for Great Schools Element – Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.

Part 1 – Needs Assessment

Briefly summarize your needs assessment by answering each question below using the most current summative and formative data trends relative to this Framework element. For example, data sources should include but are not limited to the Quality Review, NYSED School Report Card, NYC School Quality Guide, NYC School Survey, etc. Number responses accordingly.

1. What are the school's strengths relative to this Framework element? Indicate the data trends, source and year.
2. What is the priority need(s) that will be addressed in the goal and action plan for this Framework element? Indicate the data trends, source and year.

Based on evidence gathered throughout comprehensive research within our school, Professional Learning Communities have shown to improve effective instruction and student achievement. Research has shown that school change that improves teacher practice and student outcomes may be achieved by implementing the Professional Learning Community and inquiry model. Key aspects of increasing student success are to include the development of a collaborative culture, the use of high quality professional development to improve teacher practices, and strong leadership. The ongoing development of the professional learning community model asserts the mission that a student’s formal education is not simply to ensure that students are taught, but to ensure that they learn.

However, evidence based on our PPO conducted in the 2017-2018 school year suggests that although the teams were meeting on a regular basis, many professional learning communities lacked overall focus and vision. In April 2018, we implemented inquiry teams in addition to our PLC group. We structured the inquiry teams to follow a 10-week cycle of inquiry. This simple shift, from a focus on teaching to a focus on learning, has profound implications for our school community. The school promotes a culture of cross-curricular learning that is embedded through all interdisciplinary areas. The focus is to intertwine multiple disciplines into one cohesive concept that can be taught by teachers in order for students to access information to generalize skills in their tangible world.

Inquiry teams for the 2018-2019 school year will be implemented to enhance the student experiences and create teacher teams that are intended to support and foster the learning process. The impact of this work will increase coherence, collaboration and rigor in the curriculum, instruction and assessment; increased student achievement as a result of improved teacher practice including alignment of instruction and assessment to the CCLS, and planning curriculum. During inquiry group meetings, teachers will meet to evaluate a designated area of need specific to their student population. Teachers will be provided with the autonomy to select an area of need based on the analysis of data available to them: IEP data, SANDI, FAST, observational data. Teachers will follow a cycle of 10-week inquiry in which they pre and post assessments to monitor their designated area of study. This data will be consistently analyzed on weekly basis to capture the progress and further inform instructional decisions and next steps.

Part 2 – Annual Goal

Indicate your school’s 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Collaborative Teachers. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.
By June 2019, site-based inquiry teams will demonstrate a 5% increase in student achievement in the teacher team identified area of need as evidenced by analysis of their developed pre and post assessment data during each 10 week cycle.
### Part 3a – Action Plan

**Activities/Strategies:** Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

### 3b – Parent and Family Engagement

How will your school engage parents/families and support their understanding of Collaborative Teachers and strategies to promote teacher-parent/family collaborations in order to support their children at home? Include the timeline and identify key personnel responsible for implementation and oversight.
After the post assessments, if the strategies have been found to be effective, classroom teachers will send home the strategy and data to help support the child in their home environment.

**Part 4 – Budget and Resource Alignment**

**Part 4a.** Indicate resources you will leverage to achieve this annual goal and implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

1. Programs to support academic assessment.
2. Programs to support school curriculum.
3. Academic Intervention programs to support student learning.
4. Programs to support PBIS.
5. Arts Education programs to support parent involvement and student learning.
6. Technology: for adaptive equipment and hardware updates to support barrier free student learning.
7. Funds for human resources
8. Funds for non-fictional literature and textbooks.
9. Supplies needed to support workshop model
10. Student Stipend to support vocational training programs.
11. Schedule Adjustment

**Part 4b.** Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

</tbody>
</table>

**Part 5 – Progress Monitoring**

**Part 5a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.

By September 2018, School Administration and the School Based Coach will develop and schedule Professional Learning Communities (PLC) to ensure teacher collaboration as evidenced by PLC’s agendas and sign-ins. By October 2018, PLC teams will all determine individual student’s needs and an inquiry based focus. Mid-point benchmarks will be after every ten weeks when the inquiry team will review data and re-assess the student’s individual progress and inquiry team focus. At this time it will be determined if the goals were met and if so, a new focus will be created. If goals were not met the team will re-analyze the delivery of instruction to meet the goal. Administration will review inquiry team sign in sheets, notes and next steps completed within PLC meetings to ensure that teaching staff continues to maintain the tuning protocol.
By September and October 2018, Initial Planning Conferences will be conducted to determine teacher's professional growth plans for the year, with an emphasis placed on what professional development opportunities teachers will pursue. The ADVANCE system will be monitored by school administrators.

By February 2019, inquiry teams will meet and determine if students are on track to show a 5% increase in their identified area by looking at completed 10 week cycle data. Teacher teams will reconvene and determine if other strategies need to be explored.

Administration will meet weekly during cabinet to determine the overall increase of in-house professional development opportunities which are meant to build capacity around best practices and new initiatives as evidenced by agendas and staff sign-in sheets.

Administration will review PLC sign in sheets, notes and next steps completed within PLC meetings to ensure that teaching staff continues to maintain the protocols and cycles of inquiry.

**Part 5b. Indicate the specific instrument of measure that is used to assess progress.**

- Inquiry team data
  - data points from each week in the 10 week cycle
- Inquiry team sign in sheets
- Notes
- Inquiry team next steps

**Part 5c. In February 2019, review progress towards meeting the annual goal and make adjustments to the action plan, if applicable.**
Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5D – Framework for Great Schools Element – Effective School Leadership: Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.

Part 1 – Needs Assessment

Briefly summarize your needs assessment by answering each question below using the most current summative and formative data trends relative to this Framework element. For example, data sources should include but are not limited to the Quality Review, NYSED School Report Card, NYC School Quality Guide, NYC School Survey, etc. Number responses accordingly.

1. What are the school’s strengths relative to this Framework element? Indicate the data trends, source and year.
2. What is the priority need(s) that will be addressed in the goal and action plan for this Framework element? Indicate the data trends, source and year.

To improve the instructional core across our classrooms by fostering teacher development, our school community is interested in deepening our comprehension of the framework for teaching. In 2017-18, as part of Advance, our school leaders conduct frequent cycles of formative classroom observations and feedback, and ongoing professional development to support improved teacher practice. We want our teachers to know what effective teaching looks like, have a shared language to discuss what’s working and what needs to be improved, and know which actions to take to improve their practice.

Collectively throughout our organization, component 3D data reflects 83% effective and 17% highly effective practices from our educators. Our team has worked to analyze the overall data and teacher ratings for the 2017-2018 school year, reflected in the table below.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Raw Score in Component 3D</th>
<th>Percent in Component 3D</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ineffective</td>
<td>0/76</td>
<td>0%</td>
</tr>
<tr>
<td>Developing</td>
<td>0/76</td>
<td>0%</td>
</tr>
<tr>
<td>Effective</td>
<td>63/76</td>
<td>83%</td>
</tr>
<tr>
<td>Highly Effective</td>
<td>13/76</td>
<td>17%</td>
</tr>
<tr>
<td>Teachers Identified on the Cusp of Developing (Score of &lt;3.00)</td>
<td>14/76</td>
<td>18%</td>
</tr>
</tbody>
</table>

We identified teachers whose overall average score was below a 3.00 (17%), and during the 2018-2019 school year, these teachers will receive additional ongoing training from their site supervisors within their specific needs areas, with a specified focus on Domain 3: Instruction. These teachers will also be encouraged to conduct inter-visitations with educators identified as Highly Effective in their practice. The overall average in component 3D is 3.04 for the 2017-2018 school year. Our goal is to increase this by 5% when analyzing the MOTP data for the 2018-2019 school year.
Classroom observations that provide effective feedback and articulate clear expectations, coupled with the continuous analysis of student work, supports professional growth resulting in improved instruction. Throughout a thorough analysis of our 2017-2018 Advance MOTP data, 3D was analyzed as the lowest scoring component across all Danielson domains.

During the 2018-19 school year, P721R will target its focus on refining assessment practices to ensure that analysis of data provides actionable feedback that ensures all students are aware of their next learning steps to increase achievement. Administration will also will provide the opportunity for our teachers receive training in all aspects of Domain 3D including its subsets of the Danielson Framework in order to target more rigorous, effective teaching strategies.

P71R has developed a comprehensive theory of action based on the area of 3D: Using assessment in instruction that will be communicated as part of our 2018-2019 school-wide vision:

1. We believe if teachers use assessment tools to collect data for all students, then teachers will be able to clearly articulate what students know and are able to do.

2. If teachers are able to understand what students know and are able to do, then teachers can identify priority skills and content they need to teach.

3. If teachers identify new content and skills through a thorough task analysis and use of data, student outcomes and achievement will be improved.

Part 2 – Annual Goal

Indicate your school's 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Effective School Leadership. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART—Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2019, teachers will utilize assessment in instruction as measured by an average growth of 5% as evidenced by a comparison of MOTP Advance rating in Domain 3D from the 2017 –2018 school year to the 2018 – 2019 school year.
### Part 3a – Action Plan

**Activities/Strategies:** Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

<table>
<thead>

### 3b – Parent and Family Engagement

How will your school engage parents/families and support their understanding of Effective School Leadership and strategies to promote parent leadership and engagement in order to support their children at home? Include the timeline and identify key personnel responsible for implementation and oversight.

Administration will meet monthly with the parent coordinator and School Based Coach to create and present workshops that engage and educate families to deepen their understanding of assessment practices being used at school and how to incorporate these at home from September 2018 through June 2019.

### Part 4 – Budget and Resource Alignment

**Part 4a.** Indicate resources you will leverage to achieve this annual goal and implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

1. Programs to support academic assessment.
2. Programs to support school curriculum.
3. Academic Intervention programs to support student learning.
4. Programs to support PBIS.
5. Arts Education programs to support parent involvement and student learning.
6. Technology - for adaptive equipment and hardware updates to support barrier free student learning.
7. Funds for human resources
8. Funds for non-fictional literature and textbooks.
9. Supplies needed to support workshop model
10. Student Stipend to support vocational training programs.
11. Schedule Adjustments

**Part 4b.** Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

<table>

### Part 5 – Progress Monitoring

**Part 5a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.
By February 2019, 90% of 721R teachers will demonstrate an increase (average of 2.5%) in Advance observed MOTP ratings in the area of Danielson Domain 3: Instruction as evidenced by a growth in components 3D: Utilizing Assessment in Instruction, when analyzing 2018-2019 observation cycles 1 and 2.

Professional development plans and teacher development targets will be developed in conjunction with teachers and school leaders. The data from Initial Planning Conferences will inform planning for professional development, feedback, and ongoing training for teachers. Data from ADVANCE will be analyzed periodically.

All teaching staff will receive in-house training during PLCs on component 3D within the Danielson rubric as measured by the in-house PD tracking system.

The administration will facilitate measures of teacher practice (MOTP) through the course of feedback and development of clear and next measurable steps together prior to the first observation (October 2018).

Administration will ensure that teachers are implementing strategies and plans effectively within their classroom by conducting a combination of both informal and formal classroom visits coupled with debrief and feedback (Ongoing).

Administration will gather and rate evidence of teacher practice in order to conduct a Summative end of Year Conference (April-May 2019).

Staff members will be provided with the opportunity to attend in house, hands-on Professional Development's around needs areas gathered from administrative walk troughs and informal low stakes observations as well as feedback from the qualitative surveys and Initial Planning Conferences.

**Part 5b.** Indicate the specific instrument of measure that is used to assess progress.

Data from Advance and observations

**Part 5c.** In February 2019, review progress towards meeting the annual goal and make adjustments to the action plan, if applicable.
Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5E – Framework for Great Schools Element – Strong Family and Community Ties: The school creates a welcoming environment for families and takes advantage of community resources to enrich the civic life of the school.

Part 1 – Needs Assessment

Briefly summarize your needs assessment by answering each question below using the most current summative and formative data trends relative to this Framework element. For example, data sources should include but are not limited to the Quality Review, NYSED School Report Card, NYC School Quality Guide, NYC School Survey, etc. Number responses accordingly.

1. What are the school’s strengths relative to this Framework element? Indicate the data trends, source and year.
2. What is the priority need(s) that will be addressed in the goal and action plan for this Framework element? Indicate the data trends, source and year.

At the Hungerford School the Parent Coordinator participates in District 75 Borough based workshops to increase awareness of creating long-lasting and effective parents partnerships. The District Office offers 4 Parent Coordinator meetings per year and the Office of Family & Community Engagement (FACE) also offers workshops for Parent Coordinators. D75 topics include Creating a Welcoming Environment, transition, IEPs, SESIS, Health Care Options, and Bi-cultural Parent Engagement. From these partnerships, parents have expressed an interest in increased opportunities for their children to gain vocation and pre-vocational experiences from through work-study and work readiness programs. Our job developer and transition coordinator have reached out to the community to cultivate programs where our students are ensured these experiences. During the 2017-18 school year, we worked on fostering new and maintaining current our family relationships. P721R will work toward increasing opportunities for families to get involved in extracurricular activities and workshops that are targeted at empowering parents.

Understanding the dynamics of a family unit helps gauge the needs of a student and often relates directly to behavioral or school issues that may arise throughout the course of their educational career. Establishing a copious and constructive relationship with parents is the foundation of understanding the inner dynamics of our students, especially those who may be non-verbal. Parents or caregivers are the best source for understanding how the student may generalize academic work to their home atmosphere, utilize coping mechanisms, or bridge the gap between school and home life which is often a separate entity for our students. In the 2017 – 2018 school year, parent workshops were only offered during the school day. During informal meetings, parent teacher conferences, and IEP meetings, parents have expressed their concerns about this being an inconvenient time based on their schedule. During the 2017 – 2018 school year there was initiative of holding Promise meetings on the weekend, which resulted in higher parent involvement and attendance. Previously, when Promise meetings were held during school hours there was minimal involvement and attendance. This showed the need to move parent workshops to take place also after school hours and on the weekends in order to increase parent attendance rates.

Part 2 – Annual Goal

Indicate your school’s 2018-19 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Strong Family and Community Ties. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART—Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2019, P721R will improve community and family engagement in all aspect of school life as measured by a 5% increase in the availability of workshops for parents to include weekends and after school hours as evidenced by workshop agendas and sign in sheets.
### Part 3a – Action Plan

**Activities/Strategies:** Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:

- Evidence-based instructional programs, professional development, and/or systems and structures needed to impact change.
- Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).

### 3b – Parent and Family Engagement

If any, list the Community Based Organizations or other partnerships that support parent/family and community engagement. Indicate with N/A if not applicable.

The school will engage families and support their understanding of the component of Strong Family-Community ties by continuing to offer workshops around more accessible times such as weekends and after school hours in order to increase attendance rates. We will also work with parents through the classroom staff by maintaining an open lines of communication. The key personnel responsible for implementation and oversight will be school Administration,
Parent Coordinator, Parents, Teaching Staff, Transition Coordinator and Job Developer from September 2018 - June 2019.

**Part 4 – Budget and Resource Alignment**

**Part 4a.** Indicate resources you will leverage to achieve this annual goal and implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

1. Programs to support academic assessment.

2. Programs to support school curriculum.

3. Academic Intervention programs to support student learning.

4. Programs to support PBIS.

5. Arts Education programs to support parent involvement and student learning.

6. Technology - for adaptive equipment and hardware updates to support barrier free student learning.

7. Funds for human resources

8. Funds for non-fictional literature and textbooks.

9. Supplies needed to support workshop model

10. Student Stipend to support vocational training programs.

11. Schedule Adjustments

**Part 4b.** Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

**Part 5 – Progress Monitoring**

**Part 5a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.

The administrative team, transition coach and Parent Coordinator will develop an outline for yearly workshops. By October 2018 administration will work with the technology specialist who will update the school website biweekly to make certain that information is available to the family and school community.

By February 2019, administration will review agendas and sign-ins, as well as, review and updated workshop calendar. Administration will work with workshop facilitators to review parental/guardian attendance since implementing Remind 101.

**Part 5b.** Indicate the specific instrument of measure that is used to assess progress.
- Parent workshop attendance data
- Number of workshops/family events offered on weekends and after-school hours within P721R's organization

**Part 5c.** In **February 2019**, review progress towards meeting the annual goal and make adjustments to the action plan, if applicable.
Section 6: Academic Intervention Services (AIS)

*(Required for All Schools)*

**Directions:** Schools need to maintain accurate records of students who are receiving Academic Intervention Services (AIS) to ensure that students who are not achieving proficiency receive effective and timely assistance. These records need to be made available upon request and indicate the total number of students receiving AIS in each subject area listed below and for each applicable grade in your school.

<table>
<thead>
<tr>

# Section 7: Support for Students in Temporary Housing (STH)

**Directions:**
- *All* Title I schools must complete Part A of this section.
- *All* Non-Title I schools must complete Part B of this section.

**Supporting Students in Temporary Housing (STH)**
As included in your Office of School and Youth Development Consolidated Plan STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor’s Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). For more information on using Title I set-aside funds to support your STH population, please refer to the Frequently Asked Questions document on DOE’s website: http://schools.nyc.gov/NR/rdonlyres/8D99859A-AE04-40EA-A462-5363F87E67E9/0/FAQTitleISetAsideFY14.pdf

## Part A: FOR TITLE I SCHOOLS

1. Please identify the number of Students in Temporary Housing who are currently attending your school. (Please note that your current STH population may not be the same as officially reported in DOE systems and may change over the course of the year.)

   | N/A |

2. Please describe the services you are planning to provide to the STH population.

   | N/A |

## Part B: FOR NON-TITLE I SCHOOLS

1. Please identify the number of Students in Temporary Housing who are currently attending your school (please note that your STH population may change over the course of the year).

2. Please describe the services you are planning to provide to the STH population with the Title I set-aside funds.
3. Some Non-Title I schools receive a specific allocation based on the reported number of students living in temporary housing. If your school received an allocation (please refer to the current Title I Funds Summary of School Allocation Memorandum), include the amount your school received in this question. If your school did not receive an allocation and needs assistance in identifying resources to assist STH students, please contact an STH liaison.
Section 8: Title I Program Information

Directions:
- All Schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) Schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section(s) where the response can be found.
- For additional information, visit the Title I Intranet webpage.

Part 1: Title I Status

<table>
<thead>
<tr>

Part 2: All Title I Schools

2a. Highly Qualified Teachers (HQT)

Describe the strategies and activities including strategies for recruitment, retention, assignments, and support including high quality professional development that ensures staff is highly qualified.

NA

2b. High Quality and Ongoing Professional Development

Describe the activities and strategies for high quality professional development for teachers, principals, paraprofessionals, and staff that enable all students to meet Common Core State Standards (CCSS).

NA

Part 3: TA Schools Only

3a. Use of Program Resources

Describe how the TA program resources will assist participating children to meet proficiency.

NA

3b. TA Coordination with the Regular Program

Describe the planning, coordination and support of the TA program with the regular educational program (i.e., providing ELT, accelerated, high-quality curriculum, including applied learning; and minimize removing children from the regular classroom during regular school day).

NA
Part 4: SWP Schools Only

4a. Transition Plans to Assist Preschool Children (Elementary Schools Only)

Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.).

| NA |

4b. Measures to Include Teachers in Decisions Regarding Assessments

Describe the decision making process that teachers participate in regarding the use and selection of appropriate multiple assessment measures and the professional development provided regarding the use of assessment results to improve instruction.

| NA |

4c. “Conceptual” Consolidation of Funds in SWP Schools

**Directions:** All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below,** indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

<table>
<thead>
<tr>
<th>Program Name</th>
<th>Fund Source (i.e. Federal, State or Local)</th>
<th>Funding Amount</th>
<th>Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, section references where a related program activity has been described in this plan.</th>

</table>

**Explanation/Background:**
Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.
Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs**: To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I Priority and Focus School Improvement Funding**: Support implementation of school improvement plans that aims to improve instruction and address the identified needs.
- **Title II, Part A**: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A**: To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

**Important Note**: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside**: Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA**: To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process**: These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.
Section 9: Parent and Family Engagement Policy and School-Parent Compact (SPC)
(Required for All Title I Schools)

Directions: Title I schools are required to establish a Title I parent committee that will serve as the consultative and representative body for all Title I parents in the school regarding the Title I program. The Title I parent committee will participate with the School Leadership Team (SLT) in the joint review, planning, and improvement of the school's Title I program. All Title I schools are required to have a Title I Parent Representative or Parent Advisory Council Chairperson that develops a Parent and Family Engagement Policy in collaboration with the School Leadership Team that meets the parental involvement requirements of Title I. The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school’s Parent and Family Engagement Policy should align with current S/CEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

Your school’s Title I Parent Representative or Parent Advisory Council Chairperson is encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school’s current policy.

<table>
<thead>
<tr>
<th>Parent and Family Engagement Policy</th>
</tr>
</thead>
<tbody>
<tr>
<td>Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. 75R721, in compliance with the Section 1118 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school’s policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Support for Parents and Family Members of Title I Students</th>
</tr>
</thead>
<tbody>
<tr>
<td>75R721 will support parents and families of Title I students by:</td>
</tr>
</tbody>
</table>

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math, and use of technology;

- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;

- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;

- providing assistance to parents in understanding City, State and Federal standards and assessments;

- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
● providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community

Parental Involvement and School Quality

The school’s Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school’s Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school’s Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

● actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school’s Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school’s Title I Parent Involvement Policy and School-Parent Compact;

● engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;

● ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school’s Parent Involvement Policy and the School-Parent Compact;

● support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;

● maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

● conduct parent workshops with topics that may include: parenting skills, understanding educational accountability, grade-level curriculum, and assessment expectations; literacy, accessing community and support services; and technology training to build parents’ capacity to help their children at home;

● provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;

● host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school’s Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the ESSA;
Encouraging School-Level Parental Involvement

The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children’s progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

75R721, in compliance with the Section 1118 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.
I. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with Common Core State Standards to enable participating children to meet the State’s Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the Common Core State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child’s achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting prior to December 1st of each school year for parents of students participating in the Title I program to inform them of the school’s Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child’s education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent Involvement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent Involvement Policy and School-Parent Compact are distributed and discussed with parents each year;
I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child’s teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child’s class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child’s progress by providing professional development opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent Involvement Policy;
- advising parents of their right to file a complaint under the Department’s General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child’s attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
● ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;

● check and assist my child in completing homework tasks, when necessary;

● read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);

● set limits to the amount of time my child watches television or plays video games;

● promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;

● encourage my child to follow school rules and regulations and discuss this Compact with my child;

● volunteer in my child’s school or assist from my home as time permits;

● participate, as appropriate, in the decisions relating to my child’s education;

● communicate with my child’s teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;

● respond to surveys, feedback forms and notices when requested;

● become involved in the development, implementation, evaluation and revision to the Parent Involvement Policy and this Compact;

● participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;

● take part in the school’s Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Committees, School or District Leadership Teams;

● share responsibility for the improved academic achievement of my child;

### III. Student Responsibilities

Student Responsibilities:

● attend school regularly and arrive on time;

● complete my homework and submit all assignments on time;

● follow the school rules and be responsible for my actions;

● show respect for myself, other people and property;

● try to resolve disagreements or conflicts peacefully;
● always try my best to learn.
Title III Supplemental Program for ELLs for the 2018-19 SY

Directions: Title III supplemental services for ELLs must include all of the following three components:

1. **Direct instruction**: activities must be used to support language development, English and native language instruction, high academic achievement in math, and/or other core academic areas.
   1. The Title III supplemental instructional services must be based on student need
   2. These supplemental services should complement core bilingual and ESL services required under CR Part 154.
   3. Direct supplemental services should be provided for before school, after school, and Saturday programs.
   4. Teachers providing the services must be certified bilingual education and/or ESL teachers.

2. **High quality professional development** that is “of sufficient intensity and duration to have a positive and lasting impact on the teachers’ performance in classrooms.”
   1. Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.

3. **Parent engagement** and supports must ensure that there are appropriate translation and interpretation services to meet community needs.
   1. These are in addition to mandated activities, such as parent orientation during ELL identification process.

NOTE: The Title III program planning ratio is as follows: 60% direct to instruction, 10% to parental involvement, 10% to professional development, and 20% to OTPS.

For more information on Title III requirements, please see the School Allocation Memo or contact your **Senior ELL Compliance and Performance Specialist**. Any updates or revisions to this plan must be made through the [iPlan portal](http://schools.nyc.gov/Academics/ELL/default.htm) by June 30.

# of certified ESL/Bilingual teachers: _____

# of content area teachers: _____
Part B: Direct Instruction Supplemental Program Information

Describe the direct instruction supplemental program here and include the
- rationale
- subgroups and grade levels of students to be served
- schedule and duration
- language of instruction
- # and types of certified teachers
- types of materials

Begin description here: _____

During the 2018-2019 and 2019-2020 school year, 721R’s Title III Program (the program) will emphasize communication through culinary arts. It is our goal that the program will support and develop skills for ELL students to use at home, in the community and at work. ELL students will acquire functional culinary skills that will enable them to become independent and seek gainful employment. In order to meet this goal, ENL instruction addresses the New Language Arts Progressions, Common Core Learning Standards and the Career Development and Occupational Studies (CDOS). The emphasis placed on various benchmarks is adjusted to individual student needs.

The proposed Title III weekend school program, "Celebrating Language through the Culinary Arts" will involve preparing, cooking, serving and sampling dishes from the different cultures represented by the participating students. The academic portion of the program will increase communication, socialization, and language skills in the areas of reading and writing. These two modalities were areas of need identified in the NYSESLAT 2018 results. Technology will be infused in all aspects of the program.

Students will view cooking shows, research recipes and participate in discussions related to the specific cultures studied. Education has shown us that learning is relevant and meaningful for students when it captures their experiences. They relate to their own experiences; acquire new skills and apply and transfer them in the real world. We want to encourage student and parent/guardian participation by celebrating their heritage and culture. Families may contribute to the program's success by submitting their own cultural recipes. A recipe book will be compiled as a final work product. The program will consist of the following goals:
- Develop/follow sanitary, cleaning and safety rules
- Introduce food preparation
- Participate in serving and portioning
- Measuring and weighing
- Computer research
- Socialization
- Collaboration and team work
- Oral and written communication
- Description of prepared meals
- Making &nbsp; choices
- Self-advocacy
- Stating preferences

Our program will provide a total 11 instructional sessions (3 Saturday sessions and 8 Sunday sessions), to take place on from January through March 2019. Each session will last 4 hours (8:00am to 12:00pm). The 3 Saturday sessions will be led by one ENL teacher supported by one paraprofessional, and serve 12 students with a 12:1:1 ratio. The 8 Sunday sessions will be led by both ENL teachers supported by 2 paraprofessionals, and serve 24 students with a 12:1:1 ratio. The students will be divided into two groups (7-9 grades and 10 - 12 grades). Instruction will be provided in English. Saturday sessions will be provided only for the students. Parents/guardians will be invited to participate in all Sunday sessions alongside their children. An administrator
Part B: Direct Instruction Supplemental Program Information

will be on hand to supervise all sessions. One ENL Spanish-speaking teacher and one of the paraprofessionals, will shelter the language for Spanish speaking students. Parents and students will engage in "hands-on" differentiated activities (baking, cooking, chopping, decorating, etc.). The multicultural aspect of the activities will be reinforced during academic based discussions about the tools and procedures used to create each dish. A "pilon" (a tool used by many Latin countries to mash spices prior to cooking) is an example of a tool to be used. The students’ final work product (the book of recipes) will be displayed in the culinary arts kitchen of the school.

In order to enhance instruction and facilitate student access to the content presented, our ENL teachers and paraprofessionals will integrate technology, such as IPads, Smartboards and computers into all aspects of the program. ELL students will be provided with opportunities to engage in individual and cooperative learning activities that will promote English language acquisition and increase their confidence level.

At the end of each session, staff members and parents will discuss ideas for reinforcing the activities with their children at home. Parents will be exposed to a variety of writing styles serving as models for their own writing. The final Sunday, we will have a celebration of cultural dishes and families will receive the book of recipes created during the program. release language skills and ability and interaction.

Many of our students have severe language delays. Hence, both our teachers and paraprofessionals will use language-based instruction to help develop students’ vocabulary and expressive language skills as the culinary projects are planned, taught and executed.

Part C: Professional Development

Describe the school’s professional development program for Title III Program teachers as well as other staff responsible for delivery of instruction and services to ELLs.

- rationale
- teachers to receive training
- schedule and duration
- topics to be covered
- name of provider

Begin description here: ______

The Professional Development portion of our Title III program will consist of additional exploration of our previously purchased text, "The ESL/ELL Teacher's Survival Guide". The ENL teachers will conduct 3 one hour PD sessions on selected Sundays (7:00am to 8:00am) for the paraprofessionals and supervising administrators, from January to March 2019. Each session will explore a different chapter from the text. PD sessions will focus on ready to use strategies, tools and activities for teaching ELLs at all levels. Discussion among the team will include ENL methodologies and strategies from the text that will be utilized throughout our Title III program. As the result of this collaboration, participants will incorporate what they have learned into their instructional practice.

Part D: Parental Engagement Activities

Describe the parent engagement activities targeted toward parents of ELLs that will impact higher achievement for ELLs. NOTE: These are in addition to mandated activities, such as parent orientation during ELL identification process.

- rationale
- schedule and duration
- topics to be covered
Part D: Parental Engagement Activities

- name of provider
- how parents will be notified of these activities

Begin description here: 
As previously stated, parents/guardians of participating students will be invited to attend all the Sunday instructional sessions alongside their children. All Title III related information will be sent home to the parents/guardians in English and their preferred home languages. Translation will be provided by our bilingual staff members. To ensure and increase parental involvement, once translated, information will be mailed and sent home in students' book bags. In addition, our parent coordinator will use DOE Translators to make follow up phone calls to all parents of children that will participate in the Title III program.

Our ENL Teachers and the Assistant Principal responsible for ELLs and will host two informational sessions (one in Spanish and one in English) for the parents/guardians of participating students. Each session will address the logistics of the program. The sessions will occur during the school day at no cost to the Title III program.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III budget matches your Title III Plan.

DIVISION OF ENGLISH LANGUAGE LEARNERS AND STUDENT SUPPORT
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2017-18 AND 2018-19 SCHOOL YEAR

DIRECTIONS: This submission form supports schools with organizing and describing the quantitative and qualitative information necessary for a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for English language learners (ELL). This is a two-year plan on how schools will support ELLs’ linguistic and academic needs. This LAP form is a part of the school’s Comprehensive Educational Plan (CEP). Note: this is a living document; any schoolwide changes involving the services of ELLs, such as the addition or expansion of a transitional bilingual education (TBE) or dual language (DL) program should be updated in this form. Agendas, minutes of LAP meetings, and LAP team members’ attendance at meetings should be kept readily available on file in the school. When preparing your school’s submission, provide extended responses in the available spaces. For additional information, refer to the English Language Learner Policy & Reference Guide.

Part I: School ELL Profile

A. School Information

<table>

<tr>
<th>District</th>
<th>75</th>
<th>Borough</th>
<th>Staten Island</th>
<th>School Number</th>
<th>721</th>
</tr>
</thead>
<tbody>
<tr>
<td>School Name</td>
<td>The Richard H. Hungerford</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

B. Language Allocation Policy Team Composition

NOTE: The following staff members should be on the LAP team: principal, assistant principal (where applicable), at least one bilingual teacher from each subject area (where there is a bilingual program), at least one ENL teacher, and one parent.

- Principal: Kristin McHugh
- Assistant Principal: Mike Pepe
- Coach: Lenora Gillerman, SBC
- School Counselor: Peter Adinolfi
- ENL Teacher: Rosaria Cangelosi, Nancy Morales
- Teacher/Subject Area: Cliff Fugate
- Parent: Maritza Sabato
- Teacher/Subject Area: Cliff Fugate
- Parent Coordinator: Zenaida Martinez
- Related-Service Provider: Field Support Center Staff Member
- Superintendent: Ketler Louissaint

C. Teacher Qualifications

Provide a report of all staff members’ certifications referred to in this section. Press TAB after each number entered to calculate sums and percentages.

| Number of certified ENL teachers currently teaching in the ENL program | 2 |
| Number of certified bilingual teachers not currently teaching in a bilingual program | 0 |
| Number of teachers who hold both content area/common branch and TESOL certification | 2 |
| Number of certified bilingual teachers currently teaching in a bilingual program | 0 |
| Number of certified foreign language/world language teachers providing home language arts (HLA) to students in bilingual programs (applicable to grades 7-12) | 0 |
| Number of teachers who hold both a bilingual extension and TESOL certification | 0 |
| Number of certified ENL teachers not currently teaching in the ENL program | 0 |
| Number of teachers currently teaching a self-contained ENL class who hold both a common branch license and TESOL certification (applicable to grades K-6) | 0 |
| Number of special education teachers with bilingual extensions | 0 |

D. Student Demographics

| Total number of students in school (excluding pre-K) | 475 |
| Total number of ELLs | 70 |
| ELLs as share of total student population (%) | 14.74% |

2018-19 CEP 62
### Part II: ELL Demographics

#### A. ELL Programs

This school serves the following grades (includes ELLs and non-ELLs)

Check all that apply

- Transitional bilingual education program (TBE) [ ] Yes [ ] No
- Dual language program (DL) [ ] Yes [ ] No
- Freestanding ENL [ ] Yes [ ] No

Provide the number of bilingual programs for each grade at your school. Each language within the bilingual program is considered a separate program. TBE=transitional bilingual education; DL=dual language.

#### Part III: Assessment Analysis

After reviewing and analyzing the assessment data, answer the following:

1. What formative assessments or curriculum-embedded assessments (e.g., EL SOL, Estrellita, Fountas and Pinnell, DRA, TCRWP, teacher-created assessments) are being used to guide instructional planning for your ELLs?

   P721R utilizes the Student Annual Needs Determination Inventory (SANDI), a comprehensive assessment program, that aligns assessment to instruction, provides access to grade level standards, and specifically targets individual student strengths and needs. The SANDI addresses student needs by providing an assessment tool to determine functional skill areas and the corresponding focus statements of the New York State Common Core Standards (CCLS). The SANDI provides a basis to determine educational benefits related to the student’s present levels of performance, progress on the Individual Education Program (IEP) goals and identification of educational needs. All goals are aligned to CCLS and provide our students with an entry point to access the CCLS in a way that is meaningful and functional.

   We also utilize Achieve3000. This web based program provides an individualized learning solution to accelerate reading comprehension, vocabulary, writing proficiency and performance. There is one high interest topic for the entire class, scientifically matched to each student's individual Lexile reading level. Keys to successful learning is using material that students find relevant and interesting while differentiating content to meet each student's unique learner profile. The diversity
of students in a class makes it difficult to both find content that motivates all students and at each student’s level of performance. The use of a wide range of high-interest and current articles in Achieve3000 helps to ensure that students will find something that engages their interest. The daily e-mail sets the stage for a learning experience that is designed to help every student maximize his or her potential by introducing the topic of the article using vocabulary and questions appropriate for their reading level.  

Our NYSAA results in continued improvement with the students indicating that 13 students earned a 4 in Math, 6 earned a 4 in reading, 6 earned a 4 in science and 6 earned a 4 in Social Studies. We are planning to address writing and social studies having more enrichment activities in creative writing and global studies for the students and their families this school year.

2. What structures do you have in place to support this effort?  
P721R administers the SANDI twice a year in fall and spring. ENL Teachers utilize data from results of SANDI to plan lessons and individualize instruction. Examination of SANDI reports is conducted at the time of a student’s annual IEP conference and periodically during the school year. An integral part of the ENL structure at P 721R is to coordinate and implement school, instructional and curriculum policy with established procedures. In accordance with the Curriculum Team, the School Based Coach develops and provides monthly curriculum in each content area. The monthly pacing calendar is distributed by P721R during the 683 summer program. The Unit Planning Tool for each content area is provided each month. The Unit Planning Tool is aligned with the CCLS and include learning targets, vocabulary, instructional activities, resources such as Brainpop and Discovery Education, as well as culminating task rubric for each content area. Lesson plans and instruction developed by ENL Teachers for Ells students are aligned with P721R’ comprehensive and structured curriculum program.

3. What summative assessments or baseline/benchmark assessments (e.g., NYC performance Tasks, Performance Series, ELL Periodic Assessment, HLA Assessment) are being used to identify baseline, progress and areas of need?  
Our program is evaluated by the progress made by in linguistic proficiency on State assessments specifically NYSAA. Our school does not receive an AYP report. However, the team analyzes the test history and scores of NYSAA. Informal testing such as teacher (ENL) made tests and quizzes are conducted throughout the school year to determine student level of performance. We also examine the outcomes of IEP goals and report card grades per quarter including the 683 program. Our NYSAA results in continued improvement with the students indicating that 13 students earned a 4 in Math, 6 earned a 4 in reading, 4 earned a 4 in science and 3 earned a 4 in Social Studies. We are planning to address writing and social studies having more enrichment activities in creative writing and global studies for the students and their families this school year.

4. What structures do you have in place to address interventions once the summative data has been gathered?  
At P721R, we have a school based coach who works in coordination with the English as a New Language (ENL) teachers to meet each student’s needs. Together, we share data and best practices to accommodate the needs of each individual ELL. All teachers meet within their PLC group to discuss strategies and implementation of instruction. Related services also attend professional development opportunities in which they share data, plan instruction, and collaborate as teams to produce high-quality research-based instruction.

5. How does your school use data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). [Refer to ELL Policy and Reference Guide, Support Services for ELLs (RTI and AIS) section and RtI Guide for Teachers of ELLs.]

Our school does not serve students in grades K-5. However, RTI approaches will be incorporated into the teaching strategies for students who have not made progress after 6 months.

6. What outcome assessments (e.g., NYSELAT, ELA, Math, Regents) data are used to evaluate and inform your ELL programs? ([Refer to the ELL Data Analysis Tool and RLAT from ATS].

The Spring 2017 NYSELAT revealed that 100% of our Ells participated in the assessment- 33 are at the Entering Level, 26 are at the Emerging Level. Nine students are at the Transitioning Level and 2 Student is at the Expanding Level. No students scored at the Commanding Level. Results also reveal students are making gains in the reading, speaking and listening modalities of the exam as indicated previously.

As we examine the results of the NYSELAT we observed that 12 students made significant gains in listening, 4 students in speaking, and 13 students in reading. Two students made gains in writing.
7. What structures do you have in place to disseminate these findings in order to make adjustments to your programs?

Upon receiving the 2018 scores as evidenced on the RLAT, the ENL Teachers examine and analyze the results to determine each student's level of proficiency as compared to the previous 2017 results. The information from the 2018 RLAT is applied for each student. In order to make adjustments, all teachers meet within their PLC group to discuss strategies and implementation of instruction. Related services also attend professional development opportunities in which they share data, plan instruction, and collaborate as teams to produce high-quality research-based instruction.

Part IV: ELL Programming

Programming and Scheduling Information

1. How is instruction for ELLs delivered in the following programs? Include how integrated and standalone ENL are implemented as per CR Part 154.2 as well as how students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class]).

   a. Freestanding ENL program.

      Currently our school features an ENL program only. The ENL program at the Hungerford School delivers English instruction to qualifying students using two different models: Integrated and standalone model. The number of ENL instructional units that a student receives is determined by the student English language proficiency levels (as determined by the NYSITELL or NYSESLAT scores). The ENL teachers provide support and assists the ELL students in the content areas and with specific needs. Specifically, the ENL teacher helps students by facilitating small groups determined by the student's IEP classification in guided reading which is a component of the balanced literacy program.

   b. TBE program. If applicable.

      N/A

   c. DL program. If applicable.

      N/A

2. How does the school ensure the mandated number of instructional minutes is provided according to proficiency levels in each program model?

   a. How are explicit ENL, ELA, and HLA instructional minutes delivered in each program model (see charts 5.1 and 5.2 below)?

      ELLs at P721R are at the entering level of English language proficiency as determined by NYSESLAT. Currently, ELL students are provided the minimum required minutes of ENL instruction in as much as this is possible. Our ELL students have a variety of disabilities on a severe and profound range including autism, cognitive, emotional, sensory and physical disabilities. They are instructed in 12:1:1, 12:1:4, and 6:1:1 ratios as determined by their IEP. All students participate in Alternate Assessments only.

      While there are 5 proficiency levels for the ELL student, our students scored as follows: 39 are at the Entering Level, 23 are at the Emerging Level. Four students are at the Transitioning Level and 1 Student is at the Expanding Level. No students scored at the Commanding Level.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

   For ELLs at P721R content area is provided as follows: Our ENL teachers are continuing to infuse ENL instruction with content area materials. Our school follows the NYSSA -ELA and MATH Extensions and AGLIS for Social Studies and Math. The language of all instruction is English. ENL strategies include: The Language Experience Approach, the Natural Approach, and strategies
for scaffolding instruction during cooperative learning activities (including the use of graphic organizers). Content area instruction follows the Common Core Learning standards and Core Curricula for Content Area teaching (with the necessary modifications) in mathematics, science, and social studies. Content area instruction is aligned to Alternate Grade Level Indicators (AGLIs) in each content area. Particular focus is given to preparing students for competitive, supported, and sheltered employment. This is addressed through the NYS Career Development and Occupational Studies (CDOS) learning standards and alternate performance indicators (APIs). Job-skills, functional and literacy skill development are infused throughout all aspects of instruction. The instructional support of Ells includes their use of technology and provision of multisensory and multicultural materials.

4. How do you ensure that ELLs are appropriately evaluated in their home languages throughout the year?
To support native language development many of our students are provided with Alternative Placement Bilingual Paraprofessionals, who speak their native language, as mandated by their IEP. Other bilingual staff, including classroom teachers, provides native language assistance to students throughout the day.

5. How do you differentiate instruction for each of the following ELL subgroups?
   a. SIFE
   b. Newcomer
   c. Developing
   d. Long Term
   e. Former ELLs up to two years after exiting ELL status
When we have a SIFE student or a newcomer present at our school, we employ specific instructional strategies to assist these students. These special needs students require an opportunity to acclimate to the school setting.

The ENL teachers initiate "survival English" for everyday activities. Consultation is conducted with the classroom teachers for a coordinated approach and includes the classroom team of paras and related service providers. The classroom teachers also receive consultation from the ENL teachers regarding methodologies and strategies. ENL teachers emphasize relevant language used in the student's everyday life. Teachers, paras and related service providers are continuously encouraged to participate in the 10 hours of Jose P. training to enhance their knowledge and skill for teaching the ELL student.

Our plan for Ell students in our school for less than three years is as follow:
• Focus on the development of academic and functional language
• Students receive the application of strategies and techniques such as the following: Tutoring, buddy, nurturing environment to facilitate language production and after school programs.

Our plan for ELL students receiving service for 4-6 years is as follows:
* Lesson plans address areas of weakness and authentic ENL learning experiences.
* Emphasis is placed on the development of discrete language skills and academic language proficiency.

Our transitional plan for long-term ELLs is as follows: Students who have not mastered the Common Core Learning Standards will continue to have ENL instruction targeted to their needs, their progress closely monitored with assessment completed periodically.

Students who no longer require Bilingual or ENL services according to IEP will be supported for two years with ENL services.

6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
ENL strategies and approaches such as Total Physical Response (TPR), Language Experience Approach, Graphic organizers, and Cooperative Learning are also used. Technology is an integral part of the long term ELLs plan. Computers are used for
multimedia projects, accessing information, word processing, publishing, reading and drills. Computer programs have also proven to be valuable resources for introducing or reinforcing content area concepts and augmenting English language skills.

The following materials are used to support our ELLs in ELA, math, science and social studies:

*Mayer Johnson Symbols
*Achieve 3000- Integrates technology with the regular classroom curriculum.
*Star reported- Daily theme-based and differentiated lessons targeting all academic areas delivered in a small group setting during the school day.
*Adapted Weekly Reader (ABLENET)- Adapted literacy, math, science and social studies instruction deliverd in a small group setting using the school day.
* AIS is provided during the school day, and is seamlessly integrated into the TEACCH and Workshop models, wherever applicable. To effectively teach students the teacher provides structure, i.e., set up the classroom so that students understand where to be, what to do, and how to do it, all as independently as possible. TEACCH provides clinical services such as diagnostic evaluations; parent training and parent support groups, social play and recreation groups, individual counseling for higher-functioning clients, and supported employment.
* Paraprofessionals work on specific, focused skills during small group instruction, utilizing strategies which may include Activating Prior Knowledge, Computer Assisted Instruction, Cooperative/Collaborative Learning, Developing Critical Thinking Skills, Arts Integration, Flexible Skill Groups, Small Group Instruction, Functional Skill Development, flexible Skill Groups, Thinking Maps, Hands-On Science Instruction, Modification of Text and Curriculum, Small Group Instruction, Use of Visuals and Guided reading.

Required services supports are modified in order to differentiate for the needs of each student. Materials are modified and Teacher-made in order to be age-appropriate.

Books and materials in the classrooms are adapted, age appropriate, reflect the heritage culture of students and are multisensory. We continue to provide technology (i.e., Smart Board, AAC devices, Rosetta Stone Software,).

The Intervention services for ELLs in ELA, math, and other content areas is provided as follows: Content area instruction follows the Common Core Learning standards for Content Area teaching in mathematics, science, and social studies and is aligned to Alternate Grade Level Indicators (AGLIs) in each content area. Particular focus is given to preparing students for competitive, supported, and sheltered employment and this is addressed through the NYS Career Development and Occupational Studies (CDOS) learning standards and alternate performance indicators (APIs). Job-skills, functional and literacy skills development are infused throughout all aspects of instruction, as are technology, multisensory and multicultural materials, all of which support the instruction of ELLs. ESL strategies include: The Language Experience Approach, the Natural Approach, and strategies for scaffolding instruction during cooperative learning activities (including the use of graphic organizers).

The materials used in our school are age appropriate for all of our students.

7. How does your school use curricular, instructional, and scheduling flexibility to enable ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

All ELLs are invited to participate in the school’s supplemental Saturday and Sunday Title III program. For the 2018-2019 school year new programs that we continue to implement are Unique Learning Curriculum, Achieve 3000, and Rosetta Stone. The proposed Title III after school program involves performance poetry, visual arts, play writing and drama to increase communication, socialization and language skills. According to Champions of Change: The Impact of the Arts on Learning (1999), seven major research studies provide evidence of enhanced learning and achievement when students are involved in a variety of arts experiences. The studies reveal that the arts:

- Reach students who are not otherwise being reached.
- Reach students in ways that they are not otherwise being reached
- Connect students to themselves and each other
- Transform the environment for learning
- Provide learning opportunities for the adults in the lives of young people
Connect learning experiences to the world of real work. Our school does not have non-disabled peers for our students, nor ICT classes. However, students are encouraged to participate in community activities with their classes and/or their families. This will allow them to interact with other children.

8. Describe your targeted intervention programs for ELLs in ELA, math, and other core content areas (specify ELL subgroups targeted). List the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.

Based on the ELA, mathematics, science, and social core curriculum, instruction will be focused on the areas in which ELL students demonstrate the greatest need for improvement as determined by their NYSESLAT scores, NYSAA scores and IEP goals. Additional opportunities will be provided for students to participate in scaffolded project-based learning, using rubrics (for self-regulation/to check work), multisensory and multicultural materials, through cooperative groups in the aforementioned areas of concern. Our school has many multi-lingual staff members who provide support to a student, when the child does not understand. Our school offers only a Stand Alone. However, bilingual students have alternate placement paras required by the IEP and they offer levels of support for the child. The specific interventions and curricular using age appropriate materials are listed in the previous question.

9. Based on data and trends, what new programs or improvements will be considered for the upcoming school year?

P721 does not currently have a new program for this school year.

10. If you had a bilingual program, what was the reason you closed it?

N/A

11. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.

To provide equal access, all ELLs are invited to participate in the school's supplemental Saturday and Sunday Title III program. For the 2018-2019 school year, we will continue to implement programs such as Unique Learning Curriculum, Achieve 3000. The proposed Title III after school program involves performance poetry, visual arts, play writing and drama to increase communication, socialization and language skills. According to Champions of Change: The Impact of the Arts on Learning (1999), seven major research studies provide evidence of enhanced learning and achievement when students are involved in a variety of arts experiences. The studies reveal that the arts:
- Reach students who are not otherwise being reached.
- Reach students in ways that they are not otherwise being reached
- Connect students to themselves and each other
- Transform the environment for learning
- Provide learning opportunities for the adults in the lives of young people
- Connect learning experiences to the world of real work

In addition to the Title III program our students, in middle school, can participate in the Middle school After School Program. They are also invited to participate in Champs after school. This program is for our middle school and high school aged students. Students who participate are given transportation home from the after school program.

12. What instructional materials, including technology, are used to support ELLs? Include core content area as well as language materials; list ELL subgroups if necessary.

A variety of instructional and language materials are used to address content areas. Educational games address ELA concepts such as sight word recognition, sentence building as well as letter and sound identification. Multisensory materials, pictures and manipulatives are used in addition to the spoken and written word to prompt and elicit student response. We continue to integrate technology (i.e., Smart Board, AAC devices) into daily instruction. Online programs such as Discovery, Reading A to Z and Brainpop have been purchased through subscription by 721R. ENL Teachers integrate these online programs into instruction.

13. How is home language support assessed and delivered in each program model (DL, TBE, and ENL)?
In the ENL program, ELLs receive native language support through alternate placement paraprofessionals. They provide native-language support and cross-cultural connections for the ELLs who are entitled to bilingual instructional services. Students with a classification of BIS receive the application of strategies and techniques such as the following: Tutoring, buddy, nurturing environment to facilitate language production and after school programs.

14. Explain how the school ensures all required services/resources support and correspond to ELLs’ ages and grade levels.

All ELL students receive the services that are mandated by their Individualized Education Plan (IEP). These services may include speech, counseling, occupational and physical therapy, vision, hearing services as well as specific equipment. The IEP defines specifically the functioning level of the ELL as well as the chronological age. The services and strategies used, the modifications needed are listed on the IEP and adhered to. The team ensures that all needs are met for each child.

15. If your school shares a building (collocation), how do you share resources and/or coordinate efforts to ensure that all of the ELLs’ needs (academic, linguistic, socioemotional) are met?

The ENL program functions in 7 off sites under the auspices of the Hungerford School- P721R and District 75. We follow the instructional and operational policies and procedures of P 721R in each site. Instruction is coordinated and implemented by the administration and School Based Coach. We have the cooperation and support of the home principal who works closely with our administration to ensure a positive coexisting between the two schools. ENL Teachers adhere to student’s IEP and test scores (NYCESLAT, NYSAA, SANDI) to ensure all of ELLs needs.

16. Describe activities in your school that assist newly enrolled ELLs before the beginning of the school year. Include activities for new ELLs who enroll throughout the school year. Include titles of school staff involved in such activities (e.g., school counselor, parent coordinator).

Newly enrolled ELL students and their parents meet with members of the administration and school staff including parent coordinator, school nurse and IEP Coordinator. The parent coordinator provides parents with information about community resources, transition and legal issues such as guardianship. ENL Teachers are actively involved in introducing the students to the school. Information relevant to an ELL student and parent is provided. ENL Teachers discuss the Title III Weekend Program and after school programs. This process is continual during the school year.

17. What language electives are offered to ELLs?

Currently our school does not offer any language electives to ELLS because of the mandates on each student’s IEP. Students at P 721R participate in alternate assessment.

18. For schools with dual language programs:

a. What dual language model is used (e.g., side-by-side, self-contained)? Explain how much of the instructional day (percentage) EPs and ELLs are integrated.

b. In which language(s) is each core content area taught?

c. How is each language separated for instruction?

d. Is emergent literacy taught in the child’s home language first (sequential), or are both languages taught at the same time (simultaneous)?

Currently our school only features ENL programs.

### Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Include all teachers of ELLs and non-pedagogic staff.) What professional development is offered to teachers of ELLs (including ENL and bilingual teachers) in supporting ELLs as they engage in the Common Core Learning Standards?

During the 2018-2019 school year, P721R’S professional development plan will include issues pertaining to the education of ELLs. Teachers, paraprofessionals, administrators and support staff participate in professional development conducted by P 721R on a continual and comprehensive basis during the school year. Professional development activities are conducted by various school personnel such as literacy coach, transition coordinator, sesis/IEP coordinator, technology coordinator and
Parent Coordinator. Professional development activities include such areas as instructional curriculum and training on assessment for alternate assessment students. In addition to full day agenda of activities, P 721R provides small group and individual professional development.

P721 has a curriculum team who develop guidelines and provide a monthly pacing calendar and curriculum guide to teachers in the respective cohorts of 6:1:1, 12:1:1 and 12:1:4. Each cohort meets weekly as part of the professional learning community (PLC). It is within this structure that ENL teachers participate to support ELLs.

Jose P training is conducted by District 75 for teachers new to the DOE.

The professional development plan of P 721R includes topics such as Multi-level Learning, Planning Thematic Units for ELLS, AND Designing Effective Classroom Activities for ELLS.

Ongoing support is being provided by the District 75 Office of ELL. District 75 PD focuses on compliance issues as well as using technology and learning experiences.

2. Describe how your school meets the professional development requirements as per CR Part 154.2: 15% of total hours for all teachers and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development. Include how records are kept for professional development activities (e.g. agendas, attendance). Refer to ELL Policy and Reference Guide, Professional Development section.

After participating in mandated Jose P training, teachers will provide a copy of the certificate to payroll secretary at P721. The certificate will be kept in each teacher’s professional file. P721 R provides training to school staff including related service providers and guidance counselors in such areas as: Functional Behavior Assessment/Behavior Intervention Plan, Behavioral Crisis De-escalation/Intervention, Chancellor’s Regulations and Curriculum. In addition to presenting to New Teacher Institute (NTI) they are offering training to cohorts (6:1:1, 12:1:1 and 12:1:4) in our school. Agendas will be kept on file with the staff sign in attendance sheets.

Parental Involvement

1. How does the school provide annual individual meetings with parents of ELLs to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas? Include provisions for interpretation and translation as needed. Note these meetings do not include mandated parent orientation meetings and DOE-scheduled parent-teacher conferences?

Meetings with ELL parents are conducted throughout the academic year to discuss goals of program, language development progress, language proficiency assessment results, and language development needs in all content areas. The goal of these meetings is to inform parents regarding the learning experience of their children and to reinforce the connection between the instructional goals of the school and the home experience. The expectation with these meetings is to discuss and provide concrete information to parents about their child’s academic content and language development progress and needs. Translation is provided if needed.

2. Describe ELL parent involvement in your school. Include specific activities that foster parental involvement for parents of ELLs.

The parental involvement at The Richard Hungerford School is enhanced and encouraged through the office of the parent coordinator. The parent coordinator performs as a liaison between the parents and school by communicating and translating with the families and guardians of English Language Learners. Translation of school documents and any other information that needs to be sent home is provided. In addition, interpretation services will be provided, as needed in the seventeen foreign languages present at P721 R. The services of the Department of Education - Translation and Interpretation Unit are used. Parent outreach includes opportunities for orientation meetings and other meetings throughout the school year. Parents of ELLs are always invited and encouraged to participate in parent-teacher conferences, IEP meetings, and the After School Title III Program.

Part V: ELL Identification Attestation

Principal Certification

In accordance with New York State’s Commissioner’s Regulations Part 154 as outlined and implemented in the New York City’s ELL Policy and Reference Guide, I, Kristin McHugh, testify that the following ELL identification procedures and activities are adhered to and staff are trained on the following:

1. The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
2. Enrollment status of each newly admitted student is determined
   a. If student has been in NYS public schools within past 2 years, our school contacts previous school to obtain ELL status relevant assessment scores, and proficiency level.
3. The home language of the student is determined by a trained and licensed pedagogue.
   a. The parent completes the Home Language Identification Survey in the parent’s preferred language; translation services are provided by a bilingual staff member, the DOE’s over-the-phone translation services, or an alternative, high quality translation service.
4. Eligibility for the NYSITELL is determined.
   a. If the newly enrolled student is entering with an IEP, the school’s Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.
5. Student is administered the NYSITELL, if eligible.
6. Parent notification letters are sent to the parent in the parent’s preferred language.
   a. Parent is notified of their child’s ELL status.
7. If the student is identified as an ELL and the student’s home language is Spanish, the student is administered the Spanish LAB.
8. Student with interrupted/inconsistent formal education (SIFE) status is determined using New York State’s resources available on NYSED’s website: http://www.nysed.gov/bilingual-ed/schools/students-interruptedinconsistent-formal-education-sife.
9. If student is an ELL, parent is invited to the parent orientation meeting.
   a. Parent orientation meeting provides parents with an explanation of each ELL program models offered in NYC; the parent video describing the three programs is presented (in parent’s preferred language); parents are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.
10. ELL is placed in the ELL program that the parent selected.
    a. If the ELL program that the parent selected is not available, the parent is offered a transfer to a school with that program in accordance with DOE transfer policies.
    b. If the ELL remains in the school, the ELL is placed in English as a new language and our school keeps track of parent choice so that when minimum thresholds are met, we can open the ELL program of choice.
11. Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Reidentification Process).
12. If the ELL Reidentification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Reidentification Process within 6 to 12 months.
### Part VI: LAP Assurances

**School Name:** Richard H. Hungerford  
**School DBN:** 75R721  
Signatures of LAP team members certify that the information provided is accurate. Names listed in Part A, should align with this section.

### 2018-2019 LANGUAGE TRANSLATION AND INTERPRETATION PLAN FOR PARENTS

**Requirement under Chancellor’s Regulations A663 for all schools**

**DBN:** 758721  **School Name:** The Richard Hungerford School  **Superintendent:** KetlerLouissai

The principal has designated the following staff member as the primary Language Access Coordinator (LAC) in Galaxy. If there is more than one LAC, list all.

<table>
<thead>
<tr>

* The Field Language Access Coordinator and Translations & Interpretation Unit will communicate with the LACs on translation, interpretation, compliance and budget.

**School Goal:** To ensure that parents whose preferred language is other than English are provided with meaningful opportunities to participate in and have access to programs and services critical to their child’s education (Chancellor's Regulation A-663).

By developing each of the following components, your school will have a comprehensive plan to provide translation and interpretation services for all parents that cannot communicate in English (not just parents of ELL students).

**Part A: Identification and Assessment of Parents that Cannot Communicate in English**

1. Describe the data and methodologies used to assess language preferences of the parent community for both written and oral communication. Include pertinent information culled from:
   - Part III of the Home Language Identification Survey (HLIS)
   - Automate The System (ATS) reports
   - Student Emergency Contact cards
   - Surveys conducted by your school.

   The identification process for students entitled as ELLs is conducted in accordance with the NYSED - ELL Identification Process as per CR Part 154. Parents/guardians of incoming students are administered the Home Language Identification Survey (HLIS) in English and their preferred home language by a licensed pedagogue trained in ELL related matters. An informal interview is conducted with both the parent and the student (if possible). The informal interview gives a preliminary assessment of a student's understanding of, and ability to speak the English language.

   If the home language is English, the teacher stops the ELL Identification Process and a notation is made. The notation indicates that the student only speaks English and "NO" is entered as the OTELE code. If a language other than English is spoken in the home, the Language Proficiency Team (LPT) meets to review the information and determine whether the student should be administered the NYSITELL. The teacher administers the NYSITELL to determine eligibility.
If the student is determined to be an ELL and his/her home language is Spanish, a Spanish LAB will be administered in addition. The ENL teachers administered the Spanish LAB if needed. We make an attempt to administer during the same time period as the LAB. If the LAB indicates that the student is not proficient in English, the parents are invited to a meeting to discuss the English Language Learner (ELL) program options for their child. Every spring our ELLs take the New York State English as a Second Achievement Test (NYSESLAT) and the school make sure that all four tests (Listening, speaking, reading and writing) are administer to the all ELLs (i.e., to ELLs in ENL classes, ELLs with alternate placement paraprofessionals and to those ELLs that are served as per their IEP). To ensure all ELLs receive the New York State English as a Second Language Achievement Test (NYSESLAT) the school utilizes various ATS reports (i.e., RLER, RLAT, RPEX, REXH, RMNR). Our ENL teachers administer the New York State English as a Second Language Assessment Test (NYSESLAT) to all of our ELLs. We then ask parents about their comfort level with English. When we determine that the parent prefers notices in home language we make plans accordingly. At this time we serve students whose home languages are Arabic, Spanish, Chinese, Polish, Albanian, and Bengali. We use DOE Office of Translation Services to provide translation in the home language. We also have available an interpreter for oral language for deaf parents. We contact the Office of Translation to translate all school notices, newsletters, and interview forms, when we have no one in our school building that can provide translations.

2. List parents’ preferred languages for both written and oral communication. List ALL languages, including English, which are represented in your school community. This information can be found in the Parent’s Preferred Language Report (RCPL) ATS report.

<td>The Hungerford School utilizes a rigorous translation system for parents of our ELLs in 17 different languages. At the beginning of the 2017-2018 and 2018-2019 school year, identification of parents who require translation and interpretation in their home language is developed. In addition a list of identified parents requiring translation and interpretation is disseminated to the main office of each site. Procedures consist of the following: Staff personnel translate documents in the respective language. In the case of languages not available within the school community, consultation is conducted with the DOE Translation and Interpretation Unit (T&amp;I Unit). The T&amp;I Unit employs an over-the-phone service for school staff to have access for verbal translation such as IEP conferences. P721R also avails itself with templates provided by the T&amp;I Unit such as Parent Teacher Conference Templates, Recess and Calendar Notifications, health forms,</td>

</tr>
</tbody>
</table>

3. Describe your school’s communication strategy to reach families that cannot communicate in English in the event of a school emergency.

In the event of an emergency, parents will be notified through our automated school notification system. The list of parents who require translation and interpretation in their home language is available at each site. A school staff member who speaks the home language of the parent contacts the family. Depending upon the emergency conditions, students may be released from a designated area to parents with proper identification. For safety reasons, children will only be released to an adult who has been properly designated as an emergency contact and who has proper identification. Emergency cards containing specified information are available in the main office of every
Parents are required to complete an Emergency Form for each student each year. It is critical that the information on the Form is complete and up to date.

Part C: Training Staff on Policies and Procedure

Describe how your school will ensure that all staff members are aware of the goal of Chancellor’s Regulation A-663 and what resources are available to meet compliance.

Staff members are aware that LEP parents are provided with access to programs and services critical to their child’s education. P721R adheres to a policy of increasing parental awareness. To achieve this goal, all staff members will be provided with a copy of established protocols for accessing the services of the Translation and Interpretation Unit. Included in the communication to staff are available and current resources for LEP parents.

Part D: Providing Notice of Language Assistance Services

Describe how your school will make parents that cannot communicate in English aware of their right to receive information. Include any:

- Translated signage
- Brochures/flyers/letters shared with parents
- Any parent engagement events where this is expressed (i.e. PTA meetings, international parent’s night, etc.)

Our school will fulfill section VII of Chancellor’s Regulations A-663 as evidenced by a posting at the main door and a language sign to identify parent’s home language by the security desk. The posting and sign at the designated locations will consist of the eight identified languages as determined by the Translation and Interpretation Unit. In addition LEP parents will be informed of available resources located in the DOE website. Our Parent Coordinator turns to the Office of Translation Services for translation of our monthly newsletters. In order to translate fliers, brochures and letters to our LEP parents, the Parent Coordinator will refer to the established list of parents requiring translation. If a staff member cannot translate the brochure, flyer or letter then the Parent Coordinator submits the written material to the Office of Translation. A Bill of Rights is sent to all ELL parents in their native language. We employ the over-the-phone translation service to assist LEP parents.

Part E: Monitoring Provision of Language Services

Describe mechanisms your school will use to gather feedback from parents that cannot communicate in English on the language services they receive. How has your school implemented the feedback to improve language services?

To gather feedback from parents on the quality and availability of services, the school primarily uses a parent survey. The ENL Teachers utilize the results of the parent survey to communicate with parents regarding the quality of services. The feedback is recorded on the Parent Communication Log to improve service.
