Teaching teams work together to improve the program.

List of recommended questions to ask when visiting a pre-K program to learn about teacher collaboration and growth

Can you describe the opportunities for how and when teachers and teaching assistants plan together?

How do teachers and teaching assistants work together to make sure that all children are learning and progressing?

What supports does the program offer to help teachers and teaching assistants improve their practice?

Quality Reviews are not conducted at all pre-K programs; that information is not included in this report as a result. The DOE is currently exploring ways to develop Collaborative Teachers measures for NYC Early Education Centers (NYCEECs).
