

We believe that all children achieve success when provided with active learning experiences that challenge and build real-life connections. We also believe that the education of every child begins at home and is continued through a partnership between parents, educators, and the community. Our school mission is to provide every student with the foundation that prepares them for success in the college and/or career of their choice. Our school community is committed to the Three Es: Excellence in teaching and learning, Engagement to promote active learning and problem solving, and Enrichment for positive social and emotional development of well-rounded citizens.
